SELF STUDY REPORT CYCLE - I

ADDENDUM
(From 1st April 2017 till date)

Submitted to:

**NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL
BENGALURU-560072**

Vision

- Reduce pain and increase hope
- Dental Treatment at Affordable cost for all
- Satellite Dental Clinics for far-flung, inaccessible areas
- To take Dentistry to a global level
- Mobile Dental Clinic with value added services of modern diagnostic procedures and

Mission

Swargiya Dadasaheb Kalmegh Smruti Dental College and Hospital is committed to Quality Health Care Education to create Dental Professional who is globally competent, concerned, compassionate, consistent and committed to research and health care of the society at affordable cost

Objectives

- Cognitive, emotional and physical development of the student with an emphasis on social and civic responsibility
- Promote innovation in oral health care education and research
- Implementation of dental and public health practices of the highest global standard with a passion to care for the under-served
- To develop a centre of excellence in dental education, research and oral health care
- Provide adequate clinical training and experience to the students to enable them to render optimal oral healthcare
- Attract and retain faculty and staff committed to the mission of the Institute by providing them with the necessary resources, opportunities and support to stimulate their professional and personal development
- Serve as a professional resource for private practitioners and a referral centre for patients with complex conditions and treatment needs

4. University Examination result 2017-18

Outstanding Achievements

In recently held MUHS, Nashik University convocation 2017 out of 05 declared gold medals, our student Ms. Namrata Khetal bagged 03 Gold medals. One Medal is specially reserved for Govt. Institution.

In Final BDS 2016 MUHS Summer Examination out of total five Merit positions in the state, First and Second Merit Positions are bagged by our Institution.

From First BDS to Final BDS 2017 Summer Examination MUHS University First Merit position is bagged by our student.

In MUHS University PG Examination, in the subject of Conservative Dentistry Dr. Aprajita Ghangrade and in the subject of Oral Medicine Diagnosis and Radiology Dr. Rashmi Wasekar figured in First and Third Merit position respectively

Students who figured in MUHS merit list:

1.	Snehal Wamane	I BDS	First Rank
2.	Lubana Syad	II BDS	First Rank
3.	Garima Saxena	III BDS	First Rank
4.	Shefali Vays	Final BDS	First Rank

Criterion I: Curricular Aspects

1.1 Curriculum Design, Planning and Development

- College follows guidelines of DCI and affiliating University.

As it is required to obtain affiliation for Continuance of underlined courses (UG & PG) in the institution every year, hence, a required permission is granted by Maharashtra University of Health Sciences, Nashik for the year 2017-18 and 2018-19 for the UG and PG courses. (Annexure Page No. 34-43)

1.2 Academic Flexibility :

- Academic flexibility within the limit prescribed by DCI and MUHS exists.
- Scope for starting other courses prescribed by DCI have been identified.

Two departments viz. Orthodontics and Dentofacial Orthopedics and Oral and Maxillofacial Surgery are recognized as Centre for Higher Learning & Research by Maharashtra University of Health Sciences, Nashik (Annexure Page No. 44-46)

A Proposal is submitted with Maharashtra University of Health Sciences, Nashik for Fellowship in Oral Implantology and Laser.

1.3 Curriculum Enrichment :

‘Dental Education & Technology cell’ of the college is active. However, as per the guidelines issued by Maharashtra University of Health Sciences, Nashik in Circular no. MUHS/ IMETTT/92/2018 dated 14.03.2018, DET Cell is now recognized as ‘Health Sciences Education Technology Unit’, which is fully functional. (Annexure Page No. 47)

Two of our faculty members, Dr. Jaykumar Gade (Professor & HOD, Prosthodontics) & Dr. Mrs. P V Hazarey (Professor & HOD, Orthodontics) are on Board of Studies and they participate in curriculum enrichment. (Annexure Page No. 48-50)

Feedback for Tobacco Cessation was taken through Pre- and Post-test. An Impact analysis was done with the degree of awareness, sensitization and learning gain. Accordingly, such Tobacco Cessation program was conducted on April 27, 2017. (Annexure Page No. 51-63)

Following structured value added programs are conducted –

- a) British Club (Communication skills - 20 hours program), (Page No.65-66)
- b) Yoga (20 hours program) (Page No.64)
- c) Computer skills (40 hours program) (Page No.67-78)

1.4 Feedback System:

- **Formal feedback taken from the students and the other stake holders.**

A Formal feedback from the students and the other stakeholders was taken for the academic year 2017-18. It is analyzed and corrective measures are implemented.

There is a standing mechanism to analyze the feedback and conclusive remarks are passed on to the decision-making body. Intervening decisions are taken by the Dean and for policy decisions, the feedback is communicated to the University. Feedback is taken from relevant stakeholders through Questionnaire.

To supervise the overall jurisdiction, periodic supervisory rounds of college are taken by the President & Dean, where they interact directly with students and patients. Problems concerning students and patients are immediately noted and steps are taken to rectify it.

(Annexure Page No.79-82)

Criterion II: Teaching-Learning and Evaluation

2.1 Student Enrolment and Profile

Widely publicized, transparent and merit based admission process till 2016 through MH-CET. From 2016-17 onwards the admissions are done through NEET. Over 90 percent students are from state of Maharashtra. DCI admission policy is followed. More than 80 percent students are girls.

Number of Students Admitted in the institution during the session 2017-18

UG Students

Categories	2017-18	
	Male	Female
SC	04	18
ST	-	01
OBC	06	29
General	08	22
Others	02	08
Total	20	78
Intake Capacity	100	

PG Students

Categories	2017-18	
	Male	Female
SC	-	03
ST	-	-
OBC	-	05
General	03	07
Others	-	02
Total	03	17
Intake Capacity	24	

2.2 Catering to student diversity

All activities as mentioned in SSR are continued in toto during current academic year in addition few more programmes are organized.

First year UG and PG students are addressed by Dean.

During Ganesh festival an intercollegiate debate competition was organized wherein the chief guest of the programme was Hon'ble Dr. Vedprakash Mishra, Chancellor, Karad University and Chairman, Academic committee of MCI.

Menstruation Hygiene programme was organized on June 30, 2017

2.3 Teaching Learning Process

Associate Professors are involved in monitoring the various activities for the adopted villages.

Anti-ragging workshop was conducted by Dr. Mansingh Pawar, DCI member and Dean of Govt. Dental College and Hospital, Mumbai.

A personality development program was organized by Mrs. Nutan Asgaonkar.

Dr. S C Bhojar, Dean of Dental Faculty, MUHS, Nashik also visited Institution during October 6-7, 2017. (Annexure Page No.90)

On the occasion of Birth and Death anniversary of Shri Dadasaheb Kalmegh annually two programs are organized on November 8 and July 29 respectively, wherein prominent guest speakers are invited.

This year on the occasion of Birth anniversary of Shri Dadasaheb Kalmegh, a grand celebration of chain of events were floated to mark 11 Glorious years of successful completion of Institution and 85th Birth anniversary year celebration of Swargiya Dadasaheb Kalmegh.

e-Learning: Conducting webinars, power point presentations by faculties, educational CDs, e-Books, Journals through EBSCO subscription etc.

In addition to optimum availability and use of Information and Communication Technology in teaching and learning process through cognitive domain, co-native (which includes attitude, ethics, behavior, altruism which is exemplified by British Club) and psychomotor analysis.

Digital Learning Project: Under this program live as well as animated 3D videos of oral surgical and dental procedures are demonstrated to the students through satellite.

An interaction with senior experts is aired/telecast through central studio for dental as well as medical beneficiaries.

CDE programme were conducted during the last one year by eminent speakers, viz. Dr. Suresh Meshram, Dr. S R Shenoi, Dr. Sachin Sarode, Dr. Akshay Dhoble, Dr. Anurag Choudhary , Dr. Mrs. Mahima Wadhawa and Dr. Umesh PaleKar.

A scientific awareness programme: An interaction with an eminent scientist viz. Dr. Shashank Maske and Prof. Dr. M M Sharma, Prof. Dr. G D Yadav was organized.

On Febraury 24, 2018 Dr Shashank Mhaske, Professor, Department of Polymer Engineering and Surface Coatings Technology, ICT, Mumbai visited our institute and interacted with the students. (Annexure Page No.90)

To commemorate 85th Birth anniversary year of Swargiya Dadasaheb Kalmegh and 11th year of progression of Institution since its inception, a Research Day was observed on 13th April 2018. (Annexure Page No.91-92)

The distinguished guests were Padmavibhushan Padmabhushan Hon'ble Prof. Dr. M M Sharma Emeritus professor of eminence, Mumbai University and Padmashree Hon'ble Prof. Dr. G D Yadav, Vice Chancellor ICT Mumbai graced the occasion.

Under project DEAR children Eight schools are adopted in addition to earlier 21 schools that mentioned in SSR.

A structured module of adoption of 25 villages:

In this programme 08 villages are adopted in addition to earlier village adoption policy guided by Govt. of India to eradicate dental diseases along with up-liftment of the society in terms of overall hygeine, once in a month. Wherein talks, ppt presentations, poster display etc. in relation to kitchen waste disposal, potable water, sanitation, drainage, healthy diet etc. is disseminated to villagers.

Recently the institution has received grants for Eight short-term research projects from MUHS, Nashik out of 15 selected for the award of grant. (Annexure Page No. 120-124)

A long term research project was also granted to Dr. Devashish Gupta by MUHS, Nashik. (Annexure Page No. 121)

2.4 Teacher Quality:

The Dental Education Technology cell reconstituted as Health Science Education Technology HSET Unit. Vide Ref circular 1285, MUHS/IMETTT/92/2018 Dt. 14/3/18. (Annexure Page No. 93)

The unit in consonance with RICH (Research & Innovation Committee for Health Care) takes care of conducting and promoting CDE & CME programs, workshops, guest lectures, conferences to keep the faculty as well as students updated about innovations in the field of dentistry, aimed towards development of UG and PG students by enhancing their clinical, professional and ethical skills.

The Cell comprises of the following members:

Dean	-	Chairman,
Coordinator	-	Dr. Devendra Palve,
Members	-	Dr. J.R.Gade, Dr. Ajay Khade, Dr. Jagan Limje, Dr. Sunita Kulkarni, Dr. P.V.Hazarey, Dr. Shweta Chandak

Institution has recruited 08 qualified staff members in various Departments in addition to earlier 90 staff members during the session 2017-18

Recently it is announced that best research paper will be awarded suitably to the tune of Rs. 100,001/- for faculty in the memory of Dr. R Ahmad.

Two staff Members attended Research Methodology Workshops and 04 staff members attended teachers training programme in addition 27 PG students attended research Methodology workshop in addition to that mentioned in SSR

Six CDE programmes have been organized to facilitate and support teaching learning process after April 1, 2017 till date.

Research Interaction was organized on 24th February 2018, with the eminent scientist Dr. Shashank Mhaske from Institute of Chemical Technology (ICT), Mumbai (Circular # 1281 24/2/18) (Annexure Page No. 110-119)

To commemorate 85th Birth anniversary year of Swargiya Dadasaheb Kalmegh and 11th year of progression of Institution since its inception, a **Research Day** was observed on 13th April 2018. (Annexure Page No. 102-109)

The distinguished guests were Padmavibhushan Padmabhushan Hon'ble Prof. Dr. M M Sharma Emeritus professor of eminence, Mumbai University and Padmashree Hon'ble Prof. Dr. G D Yadav, Vice Chancellor ICT Mumbai graced the occasion. (Circular # 1287 9/4/18) (Annexure Page No. 102-109)

The institution continues to provide monetary grants to staff for participating and presenting papers in national, international conferences and workshops.

As a part of faculty development programmes for capacity building, two senior faculty members have been recognized as supervisors by MUHS, Nashik .

2.5 Evaluation process and reforms.

- Suggestions are submitted to Board of Studies of MUHS and accepted by the University as per circular number No. 07/2017 dated 20/01/2017. (Annexure Page No. 83-85)

2.6. Student Performance and Learning Outcomes: (Annexure Page No. 97-101)

- Results of various batches continued to be consistently good.
- Yearly academic and administrative audit is done.

The institute encourages all its departments to clearly state the learning outcome of its program.

The students of the college are in state merit list achieving highest success and Gold medals is already mentioned in SSR.

This year also we continued the same tradition and following are merits for current year.

Outstanding Achievements (Annexure Page No. 122-124)

In recently held MUHS, Nashik University convocation 2017 out of 04 declared gold medals, our student Ms. Namrata Khetal bagged 03 Gold medals. The other one Medal is reserved for Govt. Institution only.

In Final BDS 2016 MUHS Summer Examination out of total five Merit positions in the state, First and Second Merit Positions are bagged by our Institution.

From First BDS to Final BDS 2017 Summer Examination MUHS University First Merit position is bagged by our student.

In MUHS University PG Examination, in the subject of Conservative Dentistry Dr. Aprajita Ghangrade and in the subject of Oral Medicine Diagnosis and Radiology Dr. Rashmi Wasekar figured in First and Third Merit position respectively

Students who figured in MUHS merit list:

- | | | | |
|-----------|----------------------|------------------|-------------------|
| 1. | Snehal Wamane | I BDS | First Rank |
| 2. | Lubana Syad | II BDS | First Rank |
| 3. | Garima Saxena | III BDS | First Rank |
| 4. | Shefali Vays | Final BDS | First Rank |

Criterion III: Research, Consultancy and Extension

3.1 Promotion of Research

To promote Research, Consultancy and Extension a definitive well laid-out policy is in existence governing awardable incentives.

An institutional funding which is non refundable is also made available for the students as well as faculties to initiate research. This year 08 projects have been granted funding in addition to earlier 08 sponsored projects.

To strengthen the motive further, Two MoU's of the Institutions having A+ and A++ accreditations status that are fully functional have yielded desired collaborations with scientists of the highest order with the institutional research committee. (Annexture)

A scientific awareness programme: An interaction with an eminent scientist viz. Dr. Shashank Maske and Prof. Dr. M M Sharma, Prof. Dr. G D Yadav was organized.

On February 24, 2018 Dr Shashank Mhaske, Professor, Department of Polymer Engineering and Surface Coatings Technology, ICT, Mumbai visited our institute and interacted with the students. (Annexure Page No. 102-109)

To commemorate 85th Birth anniversary year of Swargiya Dadasaheb Kalmegh and 11th year of progression of Institution since its inception, a Research Day was observed on April 13, 2018. (Annexure Page No. 102-109)

The distinguished guests were Padmavibhushan Padmabhushan Hon'ble Prof. Dr. M M Sharma Emeritus professor of eminence, Mumbai University and Padmashree Hon'ble Prof. Dr. G D Yadav, Vice Chancellor ICT Mumbai graced the occasion.

3.2 Resource Mobilization for Research

Institution has linked increments and promotions with publications. A faculty member must have published at least one paper/ year as First Author in indexed journal to be eligible for promotion.

Recently it is announced that best research paper will be awarded suitably to the tune of Rs. 100,001/- in the name of Dr. M M Sharma for the student as well as faculty in the memory of Dr. R Ahmad separately in addition to earlier awards mentioned in SSR.

Institution is already having a policy which is linked with mobilization, incentives and linkage with promotion and placement.

Recently the institution has received grants for 08 short-term research projects from MUHS, Nashik out of 15 selected throughout the state for the award of grant in addition to earlier those mentioned in SSR. (Annexure Page No. 120-124)

A long term research project was also granted to Dr. Devashish Gupta by MUHS, Nashik. (Annexure Page No. 121)

In an Innovation competition AVISHKAR 02 of the 07 presented projects have been recognized for the award. (Annexure Page No. 122-124)

In a recently held research conference wherein 320 Institutions all over India from different subjects of health sciences witnessed the event, our institution bagged First prize under Undergraduate, second prize under Postgraduate and consolation for faculty category. (Annexure Page No. 122-124)

The proposals for collaboration have been sent to corporate industries viz.GSK Pharmaceuticals, EUCare Pharma, IPCA, Glenn Mark Pharma, Ammdent Pharma and Dtech India. (Annexure Page No. 125-128)

A faculty exchange programme is initiated with SSES Amt's Science College, Congress Nagar, Nagpur to exchange knowledge, high end instrumentation, chemical facilities, research facilities etc.

3.3 Research Facilities

For Interdepartmental/interdisciplinary research projects CBCT is commissioned recently and work is in progress to put it in LAN.

A step towards establishing central research Laboratory, every Department is furnished with high end technology configuration Instruments to pursue interdisciplinary / Interdepartmental research for stake holders.

3.4 Research Publications and Awards

An institution has to its credit 80 research publications of faculties and 17 those of students in peer reviewed journals. (Annexure Page No. 129-136)

Dr. M K Gupta being recognized as Ph. D. Supervisor of MUHS, Nashik and Barkatullah University, Bhopal as well, 02 students have already been elevated with the award of Ph. D. degree while he was a supervisor and 03 students of Barkatullah University, Bhopal elevated with the award of Ph. D. degree while he

was a co-supervisor. Presently 04 students are pursuing Ph. D. under his supervision.

Dr. Mrs. P V Hazare being recognized as Ph. D. Supervisor of MUHS, Nashik as well as that of Datta Meghe Deemed University of Medical Sciences, Wardha, 01 student was elevated with the award of Ph. D. degree.

A book is also published by Department of ODMR viz. Oral Medicine and Radiology: Total Solutions by Dr. Sunita Kulkarni.

3.5 Consultancy

A consultancy programme was carried out with Malpani Group of companies and Valuable Group. (Annexure Page No. 137-139)

In relation to Malpani Group of companies, Institution provides oral health screening for their workers for any oral precancerous lesions and chemical analysis of samples of their products for any carcinogens.

Learning Resource Material for MBBS and BDS as well with recent advances, is provided to Valuable Group, Mumbai for preparation of Digital Learning Modules.

3.6 Extension Activities and Institutional Social Responsibility (ISR)

Apart from the academic activities an Extension Activities and Institutional Social Responsibility is also monitored in the institution. (Annexure Page No. 165-207)

3.7 Collaborations

To establish a bridge between corporate and Institutes, Two MOU are signed with institute of Chemical Technology, Mumbai which is world's Forth best institute and India's best institute with A⁺⁺ accredited by NAAC, Bengaluru and Shivaji Science College Nagpur with A⁺ accredited by NAAC, Bengaluru for inter and multidisciplinary projects. (Annexure Page No. 125-128)

Criterion IV: Infrastructure and Learning Resources

4.1 Physical facilities

- The institute has adequate infrastructural facilities available for dental teaching and learning. The adequacy is governed by its conformity with prescribed stipulation by apex council recognized by DCI suffices and it authenticates the same
- The hospital infrastructural facilities are augmented time to time
- The institute has installed the Dentsply Sirona Orthophos SL 3D CBCT unit with pioneering Sidexis 4 imaging software and ground breaking Direct Conversion Sensor (DCS) technology and is fully functional. The workstation of CBCT belongs to the latest model and was brought at a cost of 2.5lac. The services are accessible to all the patients at a nominal cost.
- Centralized RO facilities have been provided for the convenience of the students.
- A separate Transformer for the Institute is also installed
- Sewerage Treatment Process Plant (STPP) is in process

4.2 Clinical Learning Resources

• Teaching Hospital

	Hospital
Number of specialty services	Sonologist has been recruited, thus making specialty services 7 in number
Number of Diagnostic Service Departments	Additional Diagnostic Department i.e Sonology has been added thereby increasing the Diagnostic services to 7

Statistics of inpatient and outpatient services provided (Medical Hospital)	2017
	IP:15847 OP: 31103
Give four years statistics of inpatient and outpatient services provided (Dental Hospital)	2017
	121642

4.3 Library as a Learning Resource

- Library Advisory Committee has been reframed and made fully functional with the following members

Chairman	Dr Sanjay Patil
Secretary	Dr Jaykumar Gade
Co-ordinator	Dr Atul Nikam
Member	Dr Ambar Raut
Member	Dr Romita Gaikwad
Member	Dr Deoashish Gupta
Student Member	Ms Nitu Dhoot
Member	Mr Bakul Meshram

- Library committee meets every month
- The library has deployed the below mentioned staff for effective functioning

Library Staff's Name	Designation
Mr. Bakul Meshram	Librarian
Mrs. Sarojbala Lilhore	Assistant Librarian
Mrs. Nirmala Sarosare	Library clerk
Mr. Kamlakar Tidke	Library Attendant

- **Details of the library holdings: Print (Books, Back Volume, Thesis, Journals)**
(Annexure Page No. 143-164)

Print	Books	Total: 4103 (909 have been added in 2017-18)
	Total no of titles	217 titles of 909 Books
	Journals	48 titles have been subscribed for 2017-18 Additional Journals to the tune of Rs. 25 lacs are augmented during 2017-18

• **Is ICT deployed in the Library** (Annexure Page No. 143-164)

Internet band width speed □ 2mbps □ 10 mbps □ 1 GB	100/1000 mbps
Content management system for e-learning	In addition to EBSCO, Knimbus Digital Library and National Science Library in collaboration with MUHS. INFIBNET have been subscribed LIBMAN software to automate the library is also installed
Copier	New reprography machine (Xerox Copier) has been installed (Model No: DADF AB-1) during the session 2017-18

• **Annual library budget and the amount spent for purchasing new books and journals.**

S/N	Year	Journals (INR)	Books (INR)
1	2017-18	29,33,213	2,72,770

4.4 IT Infrastructure

Institution’s computing facilities i.e., hardware and software. (Annexure Page No. 143-164)

The entire IT infrastructure of the institute has been upgraded. We have procured a VPNoBB Broadband connection of bundled 10mbps under NMEICT project of Ministry of HRD, Govt of India via Bharat Sanchar Nigam Limited with an unlimited bandwidth and state of art technology providing fix access platform to deliver high speed broadband. The institute is now part of National Mission of Education (NME) and is able to access e-education content. An approx amount of INR 17 lac was spent for the same.

Number of systems with individual configurations	7 new computers added making a total of 60 computers in the institution Dual – Core. 1 GB RAM. 2.8 GHz 500 GB Hard Disk Core I3. 2 GB RAM. 500 GB Hard Disk
--------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------

LAN facility	Yes. The Speed has been increased from 10/100 Mbps to 100 / 1000 Mbps
Wi-Fi facility	Yes. Ubiquity Wifi
Proprietary software	All the computers have Windows 7 as the software Symantech Antivirus has been installed in all the computers
Number of nodes/ computers with internet facility	60 (7 new computers added)
Any other (specify)	3D 32” Haier LED for enhanced teaching and learning Printers - 2 new printers M1005 added; Total 26 Copier – 1 installed in Library Server Rack with Smart L3 Switches for enabling Fast Internet access and network

Deploying and upgrading the IT infrastructure and associated facilities

Number of computers	The number of computers has increased to 60.
LAN facility	The LAN speed has increased from 8 Mbps to the current 12Mbps
Security	Sementi end Port Protection has been replaced with Symantech antivirus
Open source resources	Knimbus Digital Library National Digital Library have been added in collaboration with MUHS in February 2018. DELNET/ INFIBNET have been subscribed
Green computing	PO placed to replace existing CRT with LED
Wi-Fi facilities	Yes Ubiquity Wifi Device

4.5 Maintenance of Campus facilities

- The infrastructure, equipment and campus is maintained via Maintenance Department with trained man power. The Maintenance Committee is in existence since 2008.

Criterion V: Student Support and Progression

5.1 Student Mentoring and Support

- A system for student support and mentoring continue functioning in the institution. The system has an inclusive participation of **the management, teaching faculty and the students**. This is a student support activity, where teacher interacts with a small group of students to make them more competent and confident.

In view of this, To enhance communication between teaching faculty and students on individual basis, to increase the confidence in students and for getting feedback from students interaction program was conducted with Hon'ble President sir on

- Interaction with UG students --- Date : February 27, 2018
- Interaction with Interns --- Date: March 23, 2018 and April 7, 2018
- Interaction with PG students --- Date: April 20, 2018

Inbuilt mechanism to identify Potential learners and rapid learners exists, accordingly guidance is provided to respective students. Remedial teaching is also provided for potential learners to help them build self confidence.

- A structured mechanism is present for identification & support for potential & advanced learners since 2006.
- Based on the percentage of BDS entrance exam, performance of the students in the first internal assessment examination that is conducted in the first term, together with the performance of the students in practical and tutorial classes, the students getting marks below 50% are treated as potential learners and those getting marks above 75% are treated as advanced learners.
- The 'Interaction Module' started by our Institution plays an important role in identifying potential learners and advanced learners. Interaction Group Leaders, Subject Teachers, Group Teachers and Mentors help in the mechanism of identifying potential and advanced learners and the necessary steps to taken for improving their academic performance.
- Remedial classes are arranged for potential learners in the subjects in whom they are deficient, "Must-to-Know" topics are covered for them.

- Practice assignments are given for advanced learners “Nice-to-Know” topics for betterment in academic performance, which they present in classroom in the form of PowerPoint presentation. “Desired-to-Know” topics are covered for them in the form of discussion during Interaction classes.
- Also, for advanced learners steps are taken to further improve their knowledge and skills by motivating them to pursue for available postgraduate courses/competitive exams, and teaching staff guide them for the same on personal basis. They are also introduced to newer developments and methods in the field so that they can pursue higher goals in academics.
- The students are guided to apply for and carry out Short Term Research Projects promoted by Maharashtra University of Health Sciences, Nashik and other funding agencies.

Established Career guidance cell continue to train interns for PG NEET examination. Dr. Atul Nikam renders guidance to interns for PG NEET examination during 4:30 pm to 7:00 pm everyday. Also one expert from every department provide guidance every day for half an hour while looking after evening clinic.

The institution continues to provide an enriched academic ambience **for advanced learners**. Advanced learners were identified and 17 research projects were submitted to Maharashtra University of Health Sciences for short term research grant, out of which 08 projects of undergraduates are selected for STRG.

Following is the list of the Students selected for STRG 2018 :

<p>III BDS</p> <p>Mr. Adit Hawelikar</p> <p>Ms. Aditi Dhanvijay</p> <p>Ms. Kanchan Chavhan</p> <p>Ms. Pooja Mohod</p> <p>Ms. Rashmi Deshkar</p> <p>Ms. Sakshi Dhonde</p>	<p>II BDS</p> <p>Ms. Shubhangi Dhale</p> <p>Ms. Swarna Rai</p>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------

- Students continue to participate in innovative programmes viz. ‘Avishkar’.
- An Innovation Competition at Maharashtra University of Health Sciences wherein more than 320 colleges participated. Total 13 were submitted out of which 07 projects were selected in 2017-18. Among all faculties i.e Medical, Dental, Ayurveda, Physiotherapy & others.
- Two awards bagged by our students and they competed at Interuniversity State Level Competition.
- Eminent persons from various fields are invited to interact with students and to motivate them.
- On February 24, 2018 Dr. Shashank Mhaske, Professor, Department of Polymer Engineering and Surface Coatings Technology, ICT, Mumbai visited our institute and interacted with the students.
- On April 13, 2018 Padmavibhushan, Padmabhushan, Dr. M M Sharma and Padmashree Dr. G D Yadav, Vice Chancellor ICT, Mumbai, visited our institute and interacted with the students.

Institution has Registered Alumni Association. Respectable number of alumni witnessed Research Day celebration on April 13, 2018.

Vaccination and free health care facilities are continued for the students.

5.2 Student Progression

Student Strength of the institution for Current Academic Year (2017-2018)

BDS 98 + PG 20 + Interns 88 = 206

The institution has an intake capacity of 100 students per year for BDS and 3 students for MDS in 8 subjects i.e. 24 per year.

BDS	Number of Students	
	Regular	Referred
1 st Year	98	02
2 nd Year	106	04
3 rd Year	89	09
4 th Year	80	17
Interns	87	
MDS (1 st Year – 3 rd Year)	60	02

Year	UG to PG	PG to Further Studies
2017	10	--

5.3 Student Participation and Activities

Sports facilities are available for students

- We continue to promote sport and games participation for the students either Inter College or Intra College at times even inter university.
- A separate space is made available for outdoor games viz. soft ball, throw ball and volley ball and Indoor games viz. table tennis, chess and carom are encouraged.
- A functional gymnasium is also available for the students.

Students Activity in the Academic year 2017-2018:

1. This year being 85th Birth Anniversary of Swargiya Dadasaheb Kalmegh and 11 glorious years of successful completion of Institution, a grand celebration was done on November 29, 2017.
2. Anti ragging workshop was conducted on January 6, 2018 in which Dr. Mansingh Pawar was guest of Honour.
3. UDAAN- A programme for passed out students (undergraduates and postgraduates) was conducted on February 27, 2018.
4. A Day with Medical Faculty was held on February 28, 2018 in order to felicitate the senior medical faculty members in the institute.
5. Research Day Programme was held on April 13, 2018 graced by the guest of honour Padmavibhushan Padmabhushan Dr. M M Sharma and Padmashree Dr. G D Yadav. (Annexure Page No. 102-109)

Students have contributed and published their papers in the Institute Journal "Archives of Dental Research".

A well functioning Students' Council having staff and student representatives is in existence. The structure of the Student Council for the session 2017-18 is as under:

a	Dean / Principal (chairman)	Dr. Sanjay Patil
b	01 teacher nominated by Dean/ Principal	Dr. Romit Gaikwad
c	Program officer of NSS	Dr. Juzer Rasul
d	Director Sports / Physical Education Instructor	Mr. Kale
e	Officer In charge cultural activities	Dr. Yogita Dhenger
f	01 student of each class (UG / PG) nominated By Dean / Principal provided that the principal Shall nominate student under clause (f) who is engaged in full time studies / training in college & Have secured highest number of marks in Preceding Annual Examination	1 st Year : Ashwini Kurode 2 nd Year : Snehal Wamane 3 rd Year : Lubna Sayed 4 th Year : Garima Saxsena Interns : Shefali Vyas PG : Chinmay Rathod Rahul Thanvi
g	01 student of each class (UG / PG) is nominated By Dean / Principal who has shown Outstanding Performance, from Following Activities:	Sports : Gajanan Dhabagade NSS : Ram Mehandale NCC : Pawan Sabley Cultural : Nitu Dhut Research : Akhil Patil
	02 girl Students are nominated By Dean / Principal, who have shown Outstanding Performance, in Sports, NSS, NCC & Cultural Activities	Gauri Ingle Merin Thariyan
h	Name of student secretary, elected amongst Student members other than the students of 1 st year, Interns & PG	Sunidhi Pathak

All academic and administrative bodies continue to have student representatives in them.

Criterion VI: Governance, Leadership and Management

6.1 Institutional Vision and Leadership:

We zealously continue following mission and vision of our institute that we have set for ourselves.

The leadership is continuously involved in developing E- Governance strategies for the Institution

The leadership has 100% involvement and commitment to make the institution paper free and support the “Go Green” initiative.

Our IT system has been upgraded and we are effectively communicating through email and doing away with the use of paper.

Interaction with stakeholders

Interaction with faculties, non teaching staff, students, parents, patients and alumni are held on regular basis. The President and Dean interacted with the faculties, interns, UG, PG’s and alumni discussing their problems, taken their feedback and explained about the work ethics in the following months and days.

- 1) UG – February 27, 2018
- 2) Alumni – February 27, 2018
- 3) Interns – March 23, 2018 and April 27, 2018
- 4) PG – April 20, 2018

Reinforcing a culture of excellence

The motivation and promotion to participate and conduct CDE’s and workshop is continuing. 04 CDE’s were conducted in different specialties in the year 2017-18 in the Institute. The staff and students attended CDE and workshops in other colleges also. (Annexure Page No. 96)

We already have MOU with ICT Mumbai, which is world’s 4th best institute and India’s best Institute with Accredited with CGPA of 3.77 on four point scale at A++ grade by NAAC Bengaluru, for process development of dental material so that they can be made available at low cost. We also have a MOU with Shivaji Science College, Nagpur Accredited with CGPA of 3.51 on four point scale at A+ grade by NAAC Bengaluru for inter and multidisciplinary projects.

Information Technology:

Our administrative management is already ICT enabled with some major changes brought to upgrade the existing Network and hardware in the year 2017-18.

- 1) Network has been changed to Gigabyte.
- 2) Internet ISP speed upgraded to VPN 10 Mbps+ 5 Mbps
- 3) Server rack has been installed with 4 smart L3 Switches
- 4) All network cables are upgraded from CAT 5 TO CAT 6.
- 5) We got our domain changed to edu.in from .com with dedicated storage of 30 GB to each and every individual which includes staff and students.

Values continue to reflect in the functioning of the Institution:

In our quest to provide affordable treatment to the poor and needy, apart from the camps conducted by the department of PHD various departments are also conducting public outreach programmes.

Projected budgetary provisions towards teaching, health care services, research, faculty development, for the year 2017-18 is as follows:

Year	Teaching	Health Care Services	Research	Faculty Development
2017-2018	7.7Cr	14 Lac	1.8 Cr	9 Lac

6.2 Strategy Development and Deployment:

Research and development

The institution is rigorously promoting research by faculty, UG's and PG's. We had an interactive session with an eminent personality from ICT Dr. Shashank Mhaske, who gave us valuable input on research and ideas to bridging the gap between the corporates and healthcare in March 2018.

We also had the visit of eminent personalities like Padmavibhushan, Padmabhushan Hon'ble Prof Dr. M M Sharma and Padmashree Hon'ble Prof Dr. G D Yadav in April 2018.

Under the provision for RICH we have developed research oriented strategies and we have reaped the benefits as follows:

- MUHS has awarded first prize in UG category to Miss. Eknor Gulati, for her paper presentation titled “Assessment of aerosols affected air quality index in dental practice” in Research Conference.
- MUHS has awarded second prize in PG category to Dr. Vaishali Agrawal for the topic “Saliva as a diagnostic mode for asthma”.
- MUHS has awarded consolation prize in Teacher’s category to Dr. Akhilesh Shewale for his topic “ Manual herbal bone graft in craniofacial defect”
- Our 8 short term research projects have been selected for Short Term Research Grant at MUHS, Nashik level. (Annexure Page No. 120-124)

Auditing health care quality and patient safety is a continuous process in our institute:

We continue to take patient’s feedback to improve the quality of our service. From year 2017-2018 a helpline number is provided for the patients for their grievances if any.

6.3 Faculty Empowerment Strategies: (Annexure Page No. 167-197)

As per MUHS circular No MUHS/IMETTT/92/2018 dt 14.3.2018 the DET cell is now restructured as Health Science Education Technology cell (HSET unit). So this cell has been established and the work has been started.

We are continuing to improve the skills of teaching faculty by promoting their attendance for MET and TOT workshops.

Apart from the TOT programmes attended till 2017, recently 4 faculty members attended the teacher’s training programmes in February 2018.

The institution conducted a gender audit during the year 2017-2018:

Male and female percentage for undergraduate students

Year	Male (in Percentage)	Female (in Percentage)
2017-18	14 %	86 %

Male and female percentage for postgraduate students

Year	Male (in Percentage)	Female (in Percentage)
2017-18	27 %	73 %

Gender sensitization programmes for Faculties, Interns, UG's, PG's and Non Teaching staff was conducted in September 2017 by Miss. Shweta Kulkarni, an eminent clinical psychologist on women's empowerment.

Few more programmes on ensuring women's safety and value of girl's education and beyond likewise issues will be addressed in the forthcoming month June-July

The Institution continues to have internal and external audit:

Internal audit was conducted for the year 2017-18.

In September 2017, external audit was conducted by a peer team from SSES Amt's Science College, Congress Nagar, Nagpur in addition to regular academic audit by MUHS, Nashik in February 2018.

6.4 Financial Management and Resource Mobilization:

A consultancy programme was carried out with Malpani Group of companies and Valuable Group.

In relation to Malpani Group of companies, Institution provides oral health screening for their workers for any oral precancerous lesions and chemical analysis of samples of their products for any carcinogens.

Learning Resource Material for MBBS and BDS as well with recent advances, is provided to Valuable Group, Mumbai for preparation of Digital Learning Modules.

The audited statement of accounts with details of expenses for academic, research and administrative activities for the year 2017-2018 is as follows:

Projected Revenue and Income generated :

Fiscal year	Income	Expenditure	Depreciation	Surplus
2017-2018	12.9 Cr	12.1 Cr	1.5 Cr	80 Lacs

6.5 Internal Quality Assurance System:

The Institution conducts regular Academic and Administrative audits:

The process of Administrative Audit is as follows:

It includes the monthly reports, where all the work done for a particular month is reported. There is a standard format for all the departments.

It includes the academic work done by the staff, attendance report of Faculty, UG's, PG's, clinical work and equipment maintenance. As a result a clear idea about the administrative work is obtained.

Academic Audit:

There is a structured format for Academic Audit which is being carried out by each department. So, a detailed overview of the progress that is made in academics can be instantly obtained.

IQAC has contributed to Institutionalizing quality assurance strategies and processes:

The IQAC is fully functional and entire faculty has been sensitized about the importance and function of IQAC activities.

Criterion VII: Innovations and Best Practices

7.1 Environment consciousness

In tune with the Institution's "Green campus" project mission, Tree plantation programs were conducted on various occasions to mark the importance of the designated day. (Annexure Page No. 208-213)

Bird Water pots were installed at prominent locations to quench their thirst.

Bird nest were installed at shadow places on a big tree within the campus.

Awareness about use of organic food, Low wastage of food. Concern for one's health and for the environment are the two most commonly stated motives for purchasing organic foods, with the former exceeding the latter in importance. In addition, the healthy lifestyle indeed exerts effective mediating effects on the positive relationships between health consciousness and environmental attitudes and the consumer's attitude toward organic foods. Therefore, a healthy lifestyle is advocated to render the consumer's attitude toward organic foods.

Imbibing paperless communication culture among the stake holders within and outside the campus.

Incinerators were installed at designated places in Girl's Hostel.

7.2 Innovations :

- Various health apps as one stop solutions for advances in oral health were developed. "Classifications in Oral Pathology-Dental Students" Android App was developed by Dr. Devendra Palve wherein 1000 plus downloads done by users. (Annexure Page No. 215)

- **'Dentistry beyond time'**

1. Digital Learning Project: Under this programme live as well as animated 3D videos of oral surgical and dental procedures are demonstrated to the students through satellite

An interaction with senior experts is aired/telecast through central studio for dental as well as medical beneficiaries.

2. Optimal Use of technology to make treatment cost and time effective.

Use of indigenous 'EASII' (Endodontic Apical Suctioning for Intracanal Irrigation) irrigating device for root canal irrigation.

Use of MTA carrier for MTA placement in place of commercially available 'Dovagan Carrier' which is costly, thus reducing the cost of treatment

7.3 Best Practices:

- Imbibing Social responsibility through satellite clinic and adoption of schools and villages .
- Under READY and DEAR CHILDREN program 08 schools were adopted during the 2017-18 (Annexure Page No. 216-218)
- A structured module of adoption of 25 villages:

In this programme 08 villages are adopted in addition to earlier village adoption policy guided by Govt. of India to eradicate dental diseases along with upliftment of the society in terms of overall hygiene, once in a month. Wherein talks, ppt presentations, poster display etc. in relation to kitchen waste disposal, potable water, sanitation, drainage, healthy diet etc. is disseminated to villagers.

An evening clinic is run for those who can't make themselves convenient during the stipulated college time. Teachers, Inters and students actively share the responsibilities.

List of Annexure:

Items	Page No.
1. Continuance of affiliation from Maharashtra University of Health Sciences, Nashik for the Year 2017-18 and 2018-19	34-43

Sub. : Continuation / Extension of Affiliation for Academic Year 2018-19.

(Issued under provision No. 11&12 of University Direction No. 02/2016)

Ref. : University Direction 02/2016 & u/s 68, 69 of MUHS Act 1998.

Sir / Madam,

With reference to above cited subject, I am directed to communicate that as per the University laid down procedure & your proposal of Continuation of Affiliation & / or Extension of Affiliation, the Hon'ble Vice-Chancellor decided to grant Continuation of Affiliation & / Extension of Affiliation for Academic Year 2018-19 as per the provision u/s 65 (4) of MUHS Act 1998, for the Dental (Post Graduate) Courses of your College in the following subject(s):

Sr. No.	PG Degree	Intake as per Council	Max. Seats Permitted as per Teacher : Student Ratio #
1	Prosthodontics and Crown & Bridge	03	03*
2	Orthodontics & Dentofacial Orthopedics	03	03*
3	Conservative Dentistry and Endodontics	03	03*
4	Periodontology	03	03*
5	Oral & Maxillofacial Surgery	03	03*
6	Oral Medicine & Radiology	03	03*
7	Pediatric Dentistry	03	03
8	Oral & Maxillofacial Pathology and Oral Microbiology	03	03*

The No. of seats may Increase / Decrease as per availability of Recognized PG Teacher on or before the cut off date of admission. However, maximum up to sanctioned intake by Central Council.

* It indicates deficiency in the unit i.e. deficient No. of teachers in this particular subject. Permission is given subject to fulfillment of deficiency within Two months from issuance of this letter.

1) The above subject & intake wise affiliation is subject to the following conditions:

1) Grant of permission from Central Govt./ Central Council/ State Government (as applicable.)

- II) Fulfilment of the required teaching staff as per the teacher: student ratio prescribed by Central Council / University norms.
- III) Admission of students is subject to availability of PG recognised Teachers.
- IV) It will be mandatory to fulfill the prescribed minimum requirements for Undergraduate training as per the norms of Central Council and obtain Continuation of Affiliation for the UG Course also.

2) **The following deficiencies are to be complied:-**
A) Teaching Staff :

Sr. No.	PG Subject	Intake as per Council	Required Unit(S)	Post Graduate Approved/Recognised Teaching Staff								
				Required			Available			Deficient		
				Prof.	A.P./Read	Lect.	Prof.	A.P./Read	Lect.	Prof.	A.P./Read	Lect.
1	Prosthodontics and Crown & Bridge	03	01	01	03	06	01	02	03	--	01	03
2	Orthodontics & Dentofacial Orthopedics	03	01	01	02	03	01	01	03	--	01	--
3	Conservative Dentistry and Endodontics	03	01	01	03	06	01	02	02	--	01	04
4	Periodontology	03	01	01	03	03	01	02	02	--	01	01
5	Oral & Maxillofacial Surgery	03	01	01	03	03	01	02	01	--	01	02
6	Oral Medicine & Radiology	03	01	01	02	03	01	02	01	--	--	02
7	Oral & Maxillofacial Pathology and Oral Microbiology	03	01	01	02	03	01	01	--	--	01	03

You are, therefore directed to fulfill the above mentioned deficiencies and submit the Compliance report of the above deficiencies (regarding recognised PG Teacher(s) for sanction of No. of PG seats Unit(s) as per DCI regulations 2017) on or before 15th May 2018, without fail.

B) Infrastructure /Others : Nil.

You are requested to note and do the needful.

Important Note:-

- 1) *This Continuation / Extension of Affiliation is issued for the A.Y. 2018-19 subject to the permission of Dental Council of India and / or Govt. of India and if the permission is declined by the said authorities this Continuation / Extension of Affiliation will be treated as cancelled. The College is not authorised to admit the students for the 1st year of the course until receipt of permission of the Dental Council of India and / or Govt. of India.*
- 2) *The admission shall be done only through the Competent Authorities.*

Thanking you,

Registrar

कृपया सदर बैठकीकरीता आपल्या विभागाशी संबंधित विषय असल्यास सदर विषयांच्या सहपत्रांसह (१५ सेट) आपल्या विभागाचे प्रतिनिधींना बैठकीच्या वेळी उपस्थित राहणेबाबत आदेशीत करण्यात यावे. कृपया विद्यापीठ सुचना फलकावर बैठकीची माहिती प्रसिध्द करण्यात यावी.

विषय क्र.०८	दि.१०/०८/२०१६ रोजीच्या सचिव, विश्वविद्यालय अनुदान आयोग, नवी दिल्ली यांच्या पत्रावर विचार विनिमय करणे.
क्लिनिकल आणि प्री-क्लिनिकल अभ्यासमंडळ ठराव	सदर विषयासंदर्भात ठराव क्र.६ नुसार कार्यवाही करण्यात यावी असे ठरले.
विद्याशाखेचा ठराव	: अभ्यासमंडळाच्या उपरोक्त ठरावास मान्यता प्रदान करण्यात आली.

विषय क्र.०९	दि.२८/०९/२०१६ रोजी परीक्षा विभागाच्या पत्रानुसार बीडीएस द्वितीय वर्षातील प्रात्याक्षिक विषय (Pri-clinical Prosthodontics & Conservative Dentistry) " या विषयामध्ये उत्तीर्ण होण्याकरीता प्रचलित पध्दतीत बदल करणेसंदर्भात अभिप्राय देणेबाबत
प्री-क्लिनिकल अभ्यासमंडळ ठराव	बीडीएस द्वितीय वर्षातील प्रात्याक्षिक विषय (Pri-clinical Prosthodontics & Conservative Dentistry) " या विषयामध्ये उत्तीर्ण होण्याकरीता प्रचलित पध्दतीबाबत सखोल चर्चा करण्यात आली असता सदर पध्दत विद्यार्थ्यांची गुणवत्ता सुधारण्याच्या दृष्टीने योग्य असल्याकारणाने सदर पध्दतीत बदल करण्यात येवू नये असा निर्णय घेण्यात आला.
विद्याशाखेचा ठराव	: अभ्यासमंडळाच्या उपरोक्त ठरावास मान्यता प्रदान करण्यात आली.

विषय क्र.१०	: बीडीएस अंतिम वर्षात सेमिस्टर पध्दती ऐवजी वार्षिक पध्दतीचा अवलंब करणेबाबत
क्लिनिकल अभ्यासमंडळ ठराव	सद्यस्थितीत भारतीय दंत परिषदेच्या दि.२५/०८/२०११ रोजी प्रसिध्द झालेल्या अधिसूचनेनुसार बीडीएस अंतिम वर्षाकरीता सेमिस्टर पध्दतीचा अवलंब करण्यात आलेला आहे. त्यानुसार अंतिम वर्षातील प्रथम सेमिस्टर मध्ये ४ विषयांचा व द्वितीय सेमिस्टरमध्ये ४ विषयांचा अभ्यासक्रम राबविण्यात येतो. तथापि, सर्व सदस्यांनी याबाबत सेमिस्टर पध्दतीने अभ्यासक्रम न राबविता वार्षिक पध्दतीने अभ्यासक्रम राबविण्यात येवून वर्षाच्या शेवटी सर्व ८ विषयांची एकत्रित परीक्षा आयोजित करण्यात यावी असा निर्णय घेण्यात आला.
विद्याशाखेचा ठराव	: अभ्यासमंडळाच्या उपरोक्त ठरावास मान्यता प्रदान करण्यात आली.

Subject:- Skill Development Action Plan For Dental Professionals (Interns)
-Module: Oral Precancer – Cancer & Tobacco Cessation

R/Sir,

Tobacco control is a multidimensional problem. The dental profession undertakes the responsibility in training the young dental professionals (Interns) in dental colleges during the internship program.

The Government Dental College & Hospital, Nagpur has conducted the **Module: Oral Precancer – Cancer & Tobacco Cessation** for the year 2012-13, 2013-14. The module is very beneficial in public health education as well as professional health education.

I am submitting the same for implementing throughout the Dental colleges affiliated to Maharashtra University of Health Sciences, Nashik.

Submitted for necessary approval and action.

- MPOWER (WHO)
- TII (IDA)
- MUHS
- DCI
- John's Hopkins Bloomberg School of Public Health USA

MPOWER

In 2008, WHO introduced a practical, cost-effective way to scale up implementation of provisions of the WHO Framework Convention on the ground: MPOWER. Each MPOWER measure corresponds to at least one provision of the WHO Framework Convention on Tobacco Control.

The six MPOWER measures are:

- Monitor tobacco use and prevention policies - Monitoring tobacco use and tobacco control measures is critical to effectively addressing the epidemic and assessing the effects of global tobacco control.
- Protect people from tobacco use - Strong smoke-free legislation is the most widely adopted policy measure.
- Offer help to quit tobacco use - Clinical cessation interventions are effective and also extremely cost-effective compared to other health-care interventions.
- Warn about the dangers of tobacco - Health warnings change social norms about tobacco, which will reduce tobacco use and increase support for tobacco control measures.
- Enforce bans on tobacco advertising, promotion and sponsorship - Hard-hitting anti-tobacco mass media campaigns increase awareness of the harms of tobacco use reduce tobacco use, increase quit attempts and reduce second-hand smoke exposures.
- Raise taxes on tobacco.

IDA Tobacco Intervention Initiative

- The TII Strategic Plan is to have a tobacco free India through intervention and prevention.
- Similarly, we analyze the trends of tobacco usage and encourage people to

Skill Development Action Plan

For Dental Professionals (Interns)
Module: Oral Precancer – Cancer & Tobacco Cessation

Preamble:-

Dental, Medical and Allied health sciences students are potential manpower to cater to the needs of health of the citizen of India. Government Dental College & Hospital, Nagpur being the premier institute from Central India since 1968, imparts quality education and health care, contributing towards the Oral health program of Government of India. Total of 50 undergraduates (B.D.S.) and 15 post graduates (M.D.S.) is the strength of Government Dental College & Hospital, Nagpur.

The Dental Council of India has formulated the syllabus and through MUHS, education is imparted to BDS/MDS students.

The oral health priorities include Oral health management especially of oral precancer and cancer caused by tobacco. Around 6 Lacs deaths are due to tobacco consumption. Number of Patients reporting to our institute are Precancer 400 and cancer 100 per year. All these diseases are preventable and the young professionals can be trained to reduce the burden of diseases caused by tobacco.

Action Plan:-

A. Capacity Building for Tobacco Control

The GDC Nagpur have been implementing module on Oral Precancer and Cancer and Tobacco cessation since a decade.

Module – Oral Precancer & Cancer and Tobacco cessation.

- Objectives –
- 1) Early detection of oral precancer and cancer lesions.
 - 2) Need for early reference of these Patients to higher centers
for early intervention.
 - 3) To Study Prevalence of Tobacco habits in India.
 - 4) To promote the regulation of COTPA 2003
 - 5) Public health education
 - 6) Tobacco cessation clinic (Counseling Centers)

consider health as their priority and ensure that they have the access to the best tobacco intervention services.

26

60

This strategic plan is drafted to address the multitude of challenges that tobacco intervention offers. We have incorporated the following:

- o Revolutionary advances in intervention techniques. Also dissemination of these advances thereby providing impetus to professional development.
- o Developing innovation in health care, which is being used to promote oral health awareness and tobacco addiction prevention;
- o Lastly connecting the professional pool with the community resulting in mutual benefit and development.

IDA recognises the need to translate advances and progress to health professionals, professional organisations, and the public through organized efforts.

B. Train professionals for Tobacco Intervention Initiative by Indian Dental Association:

Training professionals in tobacco cessation is critical to expand tobacco cessation activities in the country. Training must address the attitudes to tobacco use, impart the knowledge and skills required for intervention, address the therapeutic nihilism that often surrounds tobacco cessation interventions and provide updates on emerging approaches to tobacco cessation. The following points should be remembered while training professionals.

- TII needs both financial infrastructure and staff with expertise to train professionals. Next for implementation at national level streamlining and stratification of training is vital.
- The dental professionals need to be sensitised about tobacco addiction and the needed tobacco intervention training and programmes conducted by TII.
- Collaborate with experts from various disciplines to value add to the training sessions.

C "ORAL PRECANCER- CANCER MODULE"

61

27 Government Dental College & Hospital, Nagpur has conducted "ORAL PRECANCER- CANCER MODULE" for interns for the year 2011-12, 2012-13 & 2013-14 under the directions of Dental Council of India Guidelines.

The syllabus and rural surveys were conducted with No Tobacco Association and SEARCH, Gadchiroli.

This 15 days training module will be conducted in collaboration with following departments:

No	Department	Activities
Module- I		
1	Oral Medicine & Maxillofacial Radiology	Clinical & Radiological diagnosis Biopsy Procedures
2	Oral & Maxillofacial Surgery	Various Biopsies, Clinical & Surgical Management
3	Oral Pathology & Microbiology	Histopathological analysis, record keeping.
Module-II		
1	Tobacco Cessation Cell	Counseling and Precancer awareness
2	Public Health Dentistry	Surveys, Camps & Advocacy

In the year 2012-13 Internship module completed in collaboration with SEARCH Gadchiroli. Module- Survey of Habits and Oral Precancer Cancer Conditions in Unskilled Workers. In continuation of that in the year 2013-14 survey is undergoing successfully in collaboration with MAVIM Gadchiroli. Module- Survey of Oral Precancer Cancer Lesions in tribal areas.

The interns from the Government Dental College & Hospital, Nagpur has also completed Tobacco Cessation Module for health professionals by Johns Hopkins Bloomberg School of Public Health, USA. All the above modules will lead to Skill enhancement with recent diagnostic and treatment modalities.

This module already exists in the syllabus prescribed by MUHS. The above action plan is to be carried out by the dental colleges affiliated to MUHS.

(62)

28

collaboration with DCI, ICMR, UGC and Ministry of health and education, Govt of India. All the above modules will lead to Skill enhancement with recent diagnostic and treatment modalities.

Duration: The duration of the module 'Oral Precancer Cancer & Tobacco Control and Cessation- 15 Days' including field work during the elective posting in Public Health Dentistry.

Summary: The Module 'Oral Precancer Cancer & Tobacco Control and Cessation' is useful in multidimensional problem of Tobacco & Tobacco induced Oral Precancer and Cancer.

Yes to Life. No to Tobacco.

NIIT'S SOLUTION

NIIT's solution for Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital training needs consists of the following components:

- Having paperless office.
- Understand computers and use IT more effectively.
- Equip staff to handle office work using Microsoft Office Tools.
- Know how to use internet for internal & all official communications.
- Improve efficiency and transparency using email system for communications.

TRAINING CONTENT

NIIT proposes the following courses to be delivered -

sr#	Course Name	Duration
1	Working with MS Office 2013	36 Hrs (2Hrs / Day)

CONTENT

- ✓ Understanding IT Fundamentals and Computing
- ✓ Creating and Managing Professional Documents Using Office Word 2013
- ✓ Presenting and Managing Data Effectively Using Excel 2013
- ✓ Creating and Managing Presentations Using Office PowerPoint 2013
- ✓ Communicate and Manage Tasks, Contacts and Appointments Using Office Outlook
- ✓ 2013
- ✓ Understanding Digital Lifestyle

APPROACH

NIIT proposes an Instructor led training model that is elaborated below -

In this model dedicated NIIT trainers would deliver the required training at Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital Nagpur. Thus NIIT's responsibility would be arranging-

-Trainers

-Scheduling training sessions & delivering training at Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital.

MODE OF DELIVERY:

The training would be instructor-led, delivered in English in a classroom mode in a batch size of minimum 15 participants.

TRAINING INFRASTRUCTURE & RESOURCES

Class Rooms with participant nodes

One Faculty Node

One LCD Projector & White Board for Display. The Board would also be utilized for writing during explanations

COMMERCIALS

The commercials for this engagement will be as follows -

SN	Course Name	Duration	Per Candidate
1	Working with MS Office 2013	36 Hrs	Rs. 3000/-

Note -

GST as applicable will be charged extra.

Additional traveling charges for faculty 200/- per day.

The above mentioned pricing is applicable for a batch size of minimum 15 participants.

The training location will be Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital.

NIIT would require a lead time of 15 days to plan the schedule.

BILLING MILESTONES

100 % in advance

Payment would be made in favor of Orangecity Education And Training Services Pvt. Ltd.,
Nagpur

VALIDITY

This proposal is valid for a period of 60 days.

Swargiya Dadasaheb Kalmegh Smruti Dental College and Hospital
Wanadongari Road, Hingna, Dist-Nagpur

Date-9/06/2017

CIRCULAR - 1196

All the HOD's and teaching faculty are hereby informed that Computer Training programme by Amol Chitnis will be held from this month. Total training programme is of 18 days. The programme will be conducted two days in a week from 3.30pm to 5.30pm.

All should participate in the programme.

SWARGIYA DADASAHEB KALMEGH SMRUTI
DENTAL COLLEGE & HOSPITAL,
WANADONGARI, NAGPUR-441 110
POLICY ON FEEDBACK AND FEEDFORWARD

1. **Introduction**

1.1. Feedback and feedforward (the modification or control of a process using its anticipated results or effects) practices should be an integral part of teaching and learning and are crucial elements in providing a motivating and aspirational student learning experience. This document clarifies what feedback and feedforward are, the principles that underpin good practice and the standards and responsibilities expected for staff and students at the Institute. Feedback and feedforward have maximum impact on the student learning experience when they are viewed as dialogic processes in which both staff and students participate. There are therefore, expectations, standards and activities that apply to both teaching staff *and* students.

2. **What is feedback and feedforward?**

2.1. Feedback and feedforward are any information, processes or activities that prompt students to pro-actively reflect upon their academic performance and consider their academic expectations. Feedback and feedforward enables students to consolidate and enhance their learning and progress towards achieving their goals. Feedback focuses specifically on current performance and corrections after an assessment is completed. Feedforward concentrates on improvement and preparation for the next assessment. Feedback and feedforward can often occur simultaneously.

2.2. An important part of the feedback process is the use of feedback to diagnose strengths and weaknesses, to explain why or how a mark has been awarded, to debate different ideas, to suggest alternatives and to provide an opportunity to edit and clarify. Feedback on summative assessments (assessments which are graded) will be clearly aligned to a final mark. Feedforward advises on how to be successful in future work. Feedback and feedforward on formative assessments (assessments which do not contribute to the module mark) are particularly important as they will allow students to develop skills, monitor their learning, identify their strengths and weaknesses and improve their work, before a final mark is awarded.

2.3. Feedback and feedforward can be both informal and formal, and can be provided individually and in groups. Feedback/feedforward can take many different forms depending on the requirements of the discipline and programme. Some examples might be:

Who can give feedback/feedforward?

There are opportunities to get feedback/feedforward from a wide variety of people. These include: the students' own personal reflections on their work; lecturers; supervisors; tutors; demonstrators; fellow-students; professional practitioners; mentors; an audience in a seminar or at a poster presentation. Anybody who comments on student performance and progress is giving essential guidance.

Principles of effective feedback/feedforward:

Embedded: Feedback and feedforward need to be an integral part of the learning process and so opportunities to give, receive and engage with feedback/feedforward should be embedded within the curriculum and planned across programmes.

Timely: Students should receive regular feedback throughout their modules. All feedback is useful, but for feedback and feedforward to have most impact, it should be given in good time prior to the submission date of subsequent related assessments.

Transparent: Good feedback will be directly related to the learning outcomes/assessment criteria/guidelines against which the overall mark is awarded. Use of a marking grid should reflect the mark awarded and additional comments should be provided.

Goal referenced: Good feedforward would clarify expectations in advance, including what good performance is (e.g. goals, assessment criteria, and expected standards) and how this could be achieved. Good practice would include additional information such as annotated exemplars. Good feedback will provide clear details about the extent to which the outcomes of a piece of work/task have been achieved.

Dialogic: Good practice will promote teacher/peer discussions around learning and performance. To enhance their learning experience, students need to take the opportunities to pro-actively engage with feedback/feedforward, reflect and act upon it.

Consistent and accessible: The use of marking pro-formas, agreed assessment criteria and rigorous, recorded moderation procedures will ensure consistent marking between staff. All feedback/feedforward should be delivered in accessible formats.

Standards of provision

Academic staff

It is expected that:

Academic staff will adopt the principles of effective feedback/feedforward.

- as appropriate, refer students at risk of academic failure to the relevant central services; and
- regularly reflect upon current feedback/feedforward practices in the sector and review their own approach to feedback. To support this, staff could engage in activities such as moderation processes, sharing good practice and participating in CPD opportunities.

6 Faculties will:

- implement processes to regularly monitor and maintain the provision and quality of feedback/feedforward practices, including the use of electronic feedback; and
- ensure that staff workloads reflect the time associated with providing feedback/feedforward and are sustainable.

Students

7 Students need to be aware that they also have a significant responsibility for making the best use of the feedback/feedforward they are given. To maximise their learning potential, students need to proactively engage with all types of feedback/feedforward.

8 **It is expected that** students will:

- find out where, how and when feedback/feedforward will be provided;
- engage with feedback/feedforward as an important part of the learning process and understand that all feedback/feedforward is an opportunity to improve performance and achieve their academic goals;
- read information on feedback/feedforward given in student handbooks/module outlines and Institute guides;
- keep a copy of all assignments and collect (or download and save) all feedback;
- carefully read/listen to all feedback available and take time to identify and reflect upon the strengths and weakness of their learning/work;
- use feedback to take action, improve, and enhance future learning and subsequent tasks;
- prior to starting an assignment, carefully note:
 1. the assignment guidelines;
 2. the relevant assessment criteria;
 3. any exemplar or other feedforward provided;
 4. any relevant regulations and submissions arrangements; and
 5. reflect upon the academic expectations of the task
- pro-actively seek additional advice if they have any questions about assignments and feedback/feedforward.
- be constructive when offering academic feedback to peers and evaluative feedback to the Institution

Report on Feedback of Stakeholders

Evaluation of feedback from stakeholders is done at different levels. The Department, Dean, Management and necessary information is sent to University.

Evaluation of teaching learning methodology is done at the Departmental level and the necessary suggestions to improve this process are provided by the Head of the Department.

Suggestions of feedback obtained from Alumni and students is addressed by the Administrative Officer. The following issues have been resolved by the Dean & Management –

1. Availability of office staff.
2. Hostel facilities
3. Internet facility & online reading material.
4. Better Toilets / Washrooms and
5. Better classrooms.

Suggestions of stakeholders to improve curriculum is forwarded to the University (MUHS) through Dean office. The meeting between all HOD and Dean was conducted on 22.09.17 and the recommendations were discussed & forwarded to the University on 1.10.17.

Respected sir/ madam,
Hereby, I am submitting the recommendations given by students & faculty members of our institute for consideration for revision in the curriculum for Bachelor of Dental Surgery (B.D.S.) & Master of Dental Surgery (M.D.S.) courses. These recommendations may be considered as & when required during curriculum revision. Attached, please find the word document titled 'Curriculum Revision Recommendations 2016-17'.
Thanking you,
With Best Regards.

Dean,
Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital,
Nagpur, Maharashtra.

Sir,
show cause notice was issued to the intern asking explanation for using mobile. A copy of the same is attached herewith.

The intern has given explanation that she was watching time in her mobile & has also submitted a apology letter for the same. As a punishment her mobile has been seized by the department for one day.

Regards

HOD
Department of orthodontics

NAME: NAMRATA M. KHETAL

ACHIEVEMENTS:

- 1) Received the **INDIAN SOCIETY OF PERIODONTOLOGY** merit award for securing first position in subject of Periodontology in 2015 final BDS MUHS examinations at Swargiya Dadasaheb Kalmegh Smruti Dental College And Hospital, Wanadongri, Hingna, Nagpur.
- 2) Received **certificate of excellence by hands of Dr. Dibyendu Majumder, President DCI (DENTAL COUNCIL OF INDIA)** for securing first position at Swargiya Dadasaheb Kalmegh Smruti Dental College And Hospital, Wanadongri, Hingna, Nagpur in final BDS MUHS 2015-16 examinations.
- 3) Received Late Upasraoji Thombre 1st merit award for securing first position in subject of **Prosthodontics** In Final BDS MUHS summer 2016 examinations, at the Maharashtra State Dental Conference 2016, Dhule.
- 4) Received Late Gokuldasji Adwani 1st merit award for securing first position in subject of **Oral And Maxillofacial Surgery** in final BDS MUHS summer 2016 examinations, at the Maharashtra State Dental Conference 2016, Dhule.
- 5) Received Shree Sant Jalaram Bappa 1st merit award for securing overall first position in final BDS MUHS summer 2016 examinations, at the Maharashtra State Dental Conference 2016, Dhule.
- 6) Received **IDA- COLGATE SCHOLARSHIP (GOLD MEDAL AND CERTIFICATE)** for securing first position at Swargiya Dadasaheb Kalmegh Smruti Dental College And Hospital, Wanadongri, Hingna, Nagpur in final BDS MUHS 2015-16 examinations.
- 7) Smt. Parvatibai Damle Gold Medal for securing overall **First position in final BDS MUHS** summer 2016 examinations.
- 8) Late Dr. I. C. Dudani Gold Medal for securing first position in subject of **Oral And Maxillofacial Surgery** in final BDS MUHS summer 2016 examinations.
- 9) Swarooprani Bhatt Memorial Gold Medal for securing first position in subject of **Prosthodontics** In Final BDS MUHS summer 2016 examinations.
- 10) WINNER- **SUPERSTAR in YOUNG DENTAL ACHEIVER (UG)** category for Indian Health Professional Awards-2017 on 23rd December 2017 at New Delhi in presence of **Padmashri Milkha Singh.**
- 11) Received **CHARAKA AWARD** at INTERNATIONAL EXEMPLARY RESEARCH & PERFORMANCE AWARDS 2018 under the category **BUDDING DENTIST OF THE YEAR.**
- 12) Received **Indian Dental Association Annual Award** for securing highest marks in **Oral Surgery** in the year 2016 instituted by **Dr. Ravi Dande.**
- 13) Received **IDA- Late Dr. D. C. Gupta Award** for securing first position in final BDS amongst both batches.

- 14) Received Indian Dental Association Annual Award for securing highest marks in Prosthetic Dentistry in the year 2016 instituted by Dr.O. C. Daswani.
- 15) Received IDA Annual award for year 2016 for 2nd highest marks in Operative Dentistry instituted by Dr.W. N. Ghonmode.

Proceedings of Research Discussion on 24/02/2018 with Dr Shashank Mhaske, Professor, Department of Polymer Engineering and Surface Coatings Technology, ICT, Mumbai

The research program started with welcome of the dignitaries, Hon'ble President Sir, Shri Sharadji Kalmegh; Hon'ble Treasurer Sir, Shri Rajendraji Singh; Dr Shashank Mhaske, Guest of Honor; Dr Pratibha Agarwal, Dean, Dr S Patil and PG Director, Dr PV Hazarey and was followed by traditional lamp lighting and Saraswati Vandana. All the dignitaries on the dais and off the dais were felicitated with a floral bouquet.

Dr. S Chandak welcomed the guest of honour and introduced him to the audience. She later addressed a summation of the research activities, publications and research awards of the institute. Dr. V. Gade delivered a short lecture on MTA and its applications.

The Guest of honour, Dr. Shashank Mhaske spoke regarding the current progress of the "Project MTA". He also made an announcement that this current project is written as the project by SDKS in the research book of ICT. It was indeed a very big honour and proud moment for the college. A methodical and educational discussion followed the talk by Dr. Shashank Mhaske. Numerous queries put forth by faculty and students pertaining to materials and methods used in dentistry were resolved by Dr. S. Mhaske and Dr. P. Agarwal . The HOD's, faculties, PG students of all the dental departments and UG students were present and took part in the discussion enthusiastically.

Hon'ble President Sir mentioned a few words to the audience. He emphasized on the importance of quality research, time and sincerity. He also laid emphasis on collaboration and linkages with corporate to enhance and boost our research work.

The program concluded with the vote of thanks proposed by Dr. Akhilesh Shewale.

Discussion with DR SHASHANK MHASKE, Professor

Department of Polymer Engineering and Surface Coatings Technology,

ICT, Mumbai

Dr SC Bontha, Director- Non-clinical, Dept of Oral Medicine and Radiology

Que. The Cyanoacrylates are used in wound healing. Is it possible to delay the reaction of the components?

Reply: To delay the reaction of the components we need to alter the chemistry i.e add or delete few components which may in-turn compromise the function of the material and strength

Dr. M. K. Gupta, Dept of Oral Surgery

Que. In Oral and Maxillofacial Surgery, we often carry out the reconstruction by using titanium implant. Recently titanium foam implants are being used for reconstruction. What is the scope for giving specific signals through nanoparticles so that the desired cell line can be grown for better Osseo-integration?

Reply: Very good question. This is also topic of my research project on titanium foam. There is lot of scope to prepare desired titanium foam implant with use of nanoparticles for growing desired cell line.

Dr Akhilesh Shewale, Dept of Periodontology

Que. Can we know alternative options for bio-adhesives in oral surgical procedures?

Can a combination of Lignin and Cellulose give better tensile strength compared to cyanoacrylates for the same

Reply: The combination of Lignin and cellulose is an ideal one and it does have better tensile strength in comparison to cyanoacrylates.

Dr. Sanjay Patil, Dean, Dept of Conservative Dentistry and Endodontics

Que. Can we develop composite resins which are used in regular basis for lower cost?

Reply: Yes, definitely we can do that. But first you will have to provide what all properties you want in that composite resin material to be. Depending on that we can go ahead and reduce the cost of the material.

Que. Can we develop MTA in flowable consistency?

Reply: Yes we can develop it. But later, with discussion it is cleared that MTA is available in flowable in the market. Eg: MTA fillapex sealer, MTA flow plus.

Dr. Vandana Gade, Dept of Conservative Dentistry and Endodontics

Que. There are other calcium silicate based cements like Biodentin, Bioaggregate sealer, Endosequence sealer etc available in the market but since these materials are also expensive, can we develop any material of similar properties but with low cost?

Reply: Yes, we are looking forward to develop such material which is similar to MTA but initially the cost will be high, it will reduce as the demand of the material increases.

Dr PV Hazarey, Dept of Orthodontics

Que. Can we do some coating on the Orthodontic wires to reduce the corrosion or to make it corrosion free?

Reply: Coating may not be the solution as due to sliding movement the coating may come out. It may not be a permanent solution. For this we need to try for some alloy of metals which will be corrosion free and at the same time will have the properties required for orthodontic tooth movement. It can be tried

Dr Shweta Chandak, Dept of Pedodontics and Preventive Dentistry.

Que. Obturating materials available for Pediatric root canal therapy like Zinc Oxide Eugenol and Iodoform based pastes have advantages and disadvantages. Is it possible to formulate an alternative combining both the materials encompassing the advantages of both the materials? A mix of Zinc oxide powder, Iodoform, Camphor, Calcium hydroxide and Glycerin could be an alternative. Though this combination is beneficial but one of the major draw backs is that the material has to be freshly prepared and it sets into a hard mass over time. Is it possible to develop an obturating material that is biocompatible, resorbable, non-setting and cost effective, so that a pre mixed formulation can be used?

Reply: A probable alternative to the mentioned formulation could be replacing Zinc oxide with Titanium oxide but that would increase the cost of the end product and have issues with resorption of the material. Non-setting would be difficult to achieve, but can be achieved if the zinc oxide molecule can be modified. A need for change in the ratios of individual components used could give us a possible or desired outcome.

Dr Vaishali Agarwal, PG Student, Dept of Oral Medicine and Radiology

Que. Can we do Liquid chromatography – mass spectrometry test of saliva at ICT, Mumbai? As LCMS is not easily available, is there any other procedure through which can assess the biomarker for asthma present in saliva chair-side?

Reply: Yes, LCMS is not as feasible as different columns and different retention times are required for different types of samples like blood, saliva etc. I will definitely let you know whether it can be done in our institute and whether ICT can be of any help in your project.

Dr. Rahul Thanvi, PG Student, Dept of Oral Surgery

Que. Sir, Cyanoacrylate glue when used for closing intra-oral wounds requires hydrophobic environment, as contact with saliva affects the setting of glue, so is there any way to modify the cyanoacrylate glue that water does not hamper it's setting time?

Reply: Yes it can certainly be modified but at the cost of decreased strength of the glue. We are working on modifying it without compromising the strength.

Dr. Aamir Bashir, PG Student, Dept of Oral Surgery

Que. Sir, how are the transdermal patches made, and what is the application of nanoparticles in transdermal drug delivery system?

Reply: A good question of my field! Transdermal Patches are made in a special system. They can be of great use for medicinal purpose if you want a very specific drug delivery. We will be happy to collaborate with you and bring about this new system.

Dr. Janhavi Jagtap, PG Student, Dept of Conservative Dentistry and Endontics

Que. The MTA which the university (ICT) is looking forward to develop will according to you may contain monomer content more, will it not hamper the mechanical properties like strength of the MTA?

Reply: We will take monomer in the proportion that will not hamper the mechanical properties much. Rather it will have more hardness than what it is available today in the market

Atharva Bele, Intern

Que. Zinc Phosphate and GIC Cements are expensive. Are there any alternatives to it or any possibilities for cost reduction?

Reply: Yes, we are trying to achieve it.

Que. My research project is on evaluation of periodontal status in leprosy patients. As it is observed that, they have difficulty in brushing, is there any specific mouthwash which can help them?

Reply: No, I am not aware of it.

Eknoor Kaur Gulatri, Final year, UG Student

Que. This is regarding the designing of the aerosol trapper, a machine that will trap the aerosol and give real time monitoring of the concentration of aerosol

Reply: It is out of the reach of UDCT.

(109)

Report on Research Day Date:- 13th April 2018

The research day was celebrated on 13th April, 2018. The Chief Guest of the function was Padmavibhushan, Padmabhushan, Hon'ble Dr. MM Sharma and Guest of Honour was Padmashree Hon'ble Dr. GD Yadav. Among other Dignitaries present were Mr. Arun Lakhani, Mr. Sanjay Deshmukh, Mr. Satish Lade, Dr. Sanjay Chougule and Mr. Satish Chintalwar and Hon'ble Treasurer Mr. Rajendra Singh.

Hon'ble guests were welcomed with high tea in the Hon'ble President Sir's Chamber. Dean Dr. Sanjay Patil presented the Profile and achievements of the Institute, followed by Research profile Presentation of the Institute by Dr. Mrs PV Hazarey and Dr. Akhilesh Shewale.

The procession of dignitaries led by Hon'ble President Shri Sharadji Kalmegh and Hon'ble Secretary Shri Hemantji Kalmegh went to the Auditorium for the main function. All the Guests received a floral welcome and program started with lightening the lamp.

Dean gave welcome address and introduced the guests. Hon'ble President Sir through his speech highlighted the objective of this program and also paid his respect towards his esteemed teachers Padmavibhushan Hon'ble Prof. Dr. M.M. Sharma and Padmashree Hon'ble Vice Chancellor Of ICT Mumbai Dr. G.D. Yadav. He also declared an Annual prize of Rs 100001, for the Best student doing Research and same amount of prize for the faculty.

Dr. MM Sharma enlightened the students about the importance of research. He said Research is all about passion, culture, strategy and is not possible without failures. It is not a thing of one day, one week or of a year, but it is the story of effort of years. He also talked about the bridge between corporate and health institutions.

Dr. GD Yadav discussed many ideas related to research, PhD programmes, various short skill development programmes and encouraged girl students towards PhD and researches.

This Memorandum of Understanding (MOU)

Is made on the 30.06.2017

Between

Swargiya Dadasaheb Kalmegh Smruti Dental College and Hospital, Wanadongari Road, Hingna, Dist-Nagpur-441110

And

Institute of Chemical Technology, Mumbai (ICT)

Swargiya Dadasaheb Kalmegh Smruti Dental College and Hospital is duly affiliated to the University and is a research driven organization involved in medical research. Herein after referred to as Institution for the sake of brevity. The one of the objectives of the Institution is to promote research culture among students and promote them to build their career in the field of science to solve real life challenges of society.

And

Whereas, Institute of Chemical Technology, Mumbai is a premier Chemical Engineering institute,

The present MOU focuses on providing Sponsored PhD to ICT students at name of Institution.

Now, after consultation the Institution and ICT agrees as followed:

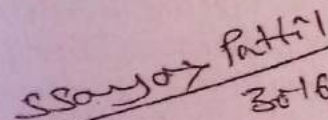

1. The Institution will provide Sponsorship for the PhD to ICT Polymer and Surface Engineernig department students for academic year 2017- 2020.
2. The Sponsorship will be for the period of three years from March 2017 to March 2020.
3. That the Institution will be providing an amount of Rs 15,00,000/- {Fifteen Lakhs} for the said project out of which and amount of Rs 7,50,000/- at the time of signing of this MOU and the balance amount of Rs 7,50,000/- would be paid over a period of next 18 months.
4. Student should work Full time on their projects at ICT premises.
5. Students of ICT will be provided with technical guidance and funding related to the research.
6. During this programme, IPR and associated revenue created through guidance of Institution or already developed at Institution will be owned by the Institution.
7. The students are not allowed to represent or disclose the project work, outside the Institution without its prior permission during and after the completion of project. (Should not disclose the information at any type of competition, nor to any other government or private institute).
- 8: If needed for the project, the students need to travel with the project coordinators' and college staffs' permission.

Attachment: Non disclosure agreement

Signed by:

30/6/17

Institute of Chemical Technology, Matunga, Mumbai.

NON-DISCLOSURE AGREEMENT

THIS AGREEMENT is made at Mumbai on Date 30/06/2017 by and between:

Institute of Chemical Technology, Matunga, Mumbai is premier Chemical Engineering institute, one of the oldest research Institute with Deemed University Status from the Ministry of Human Resource Development (MHRD) in India.

And

Swargiya Dadasaheb Kalmegh Smruti Dental College and Hospital which is duly affiliated to the University is a research driven organization involved in research and development of medical science. The Institutions one of the objectives is to promote research culture among students and promote them to build their career in field of science and engineering to solve real life challenges of society.

WHEREAS:

- A. Parties are desirous of entering into discussions and negotiations to establish a possible relationship to support **Project Work of PhD students** in Polymer and Surface engineering discipline.
- B. In the course of discussions and negotiations for availing the Services, each Party may disclose to the other Party certain technical, business and / or other information which is confidential and / or proprietary in nature.
- C. Accordingly, Parties are desirous of entering into this Agreement to regulate their rights in relation to such confidential information, subject to the terms and conditions set out in this Agreement.

NOW THEREFORE THE PARTIES, intending to be legally bound, in consideration of the mutual protection of Information herein by the parties hereto and such additional promises and understandings as are hereinafter set forth, the parties of the first and second part agree as follows:

1. DEFINITIONS:

1.1 Affiliates shall mean, with respect to any party, any other person directly or indirectly Controlling, Controlled by, or under direct or indirect common Control with, such party. "Control", "Controlled" or "Controlling" shall mean, with respect to any person, any circumstance in which such person is controlled by another person by virtue of the

[Handwritten signatures and initials]

latter person controlling the composition of the Board of Directors or owning the largest or controlling percentage of the voting securities of such person or by way of contractual relationship or otherwise.

1.2 **Confidential Information** includes any and all information in written, verbal, representational, electronic, audio tapes, video tapes, computer discs and any other possible form shared by the disclosing party to the receiving party. Confidential Information excludes any such information which is proven by the receiving party to be known in public domain.

1.3 **The Disclosing Party** shall mean the Party disclosing any particular item of Confidential Information (or, where appropriate, the Party about whom such Confidential Information relates to).

1.4 **The Receiving Party** shall mean in relation to any particular item of Confidential Information the Party which receives such information pursuant to this Agreement, or otherwise obtains such information.

2. CONFIDENTIALITY OBLIGATIONS

2.1) Receiving Party agrees and undertakes that it shall,

2.1)1. Use the same degree of care and protection to protect the Confidential Information received by it from the Disclosing Party as it uses to protect its own Confidential Information of a like nature, and in no event such degree of care and protection shall be of less than a reasonable degree of care.

2.1)2. Not without first obtaining the written consent of the other, disclose or make available to any person, reproduce or transmit in any manner, or use (directly or indirectly) for its own benefit or the benefit of others, any Confidential Information save and except all Parties may disclose Confidential Information to their Affiliates, directors, officers, employees or advisors of their own or of Affiliates on a "need to know" basis so as to enable them to evaluate such Confidential Information in connection with the negotiation of the possible business relationship; provided that such persons have been informed of, and agree to be bound by confidentiality obligations of this Agreement.

2.1)3. They will not reverse engineer or prepare derivative works of any sort based on the Confidential Information made available by the Disclosing Party;

[Handwritten signature]
[Handwritten text: 2007/07/25]

- 2.1)4. They will not, directly or indirectly, make known, divulge, publish or communicate the Confidential Information to any person, firm or corporation without the express written consent of the Disclosing Party;
- 2.1)5. They will not use the Confidential Information or any part thereof as a basis for the design or creation of any method, system, application, apparatus or device similar to any method, system, apparatus or device embodied in the Confidential Information unless expressly authorized in writing by the Disclosing Party;
- 2.1)6. They will utilize the best efforts possible to protect and safeguard the Confidential Information from loss, theft, destruction, or the like.
- 2.1)7. They will forthwith notify the Disclosing Party upon discovery of any unauthorized use or disclosure of Confidential Information. In an event of possible breach of confidentiality obligations, the receiving party shall be liable to prove that the information disclosed to a third party
 - 2.1)7.1. is lawfully acquired by the receiving party from an independent source having no obligation to maintain the confidentiality of such information;
 - 2.1)7.2. was known to the receiving party prior to its disclosure under this Agreement;
 - 2.1)7.3. was or is independently developed by the receiving party without breach of this Agreement; or
 - 2.1)7.4. is required to be disclosed pursuant to a governmental or judicial order, in which case the party so required shall give the other party prompt written notice, where possible, and use reasonable efforts to ensure that such disclosure is accorded confidential treatment and also to enable such other party to seek a protective order or other appropriate remedy at the other party's sole cost.

3. REPRESENTATION AND WARRANTY:

3.1 Parties represent and warrant that it has the right to make disclosures under this Agreement. All information exchanged under this Agreement is provided "as is" basis. The Disclosing Party shall not be in any way responsible for any decisions or commitments made by Receiving Party after relying on the Disclosing Party's Confidential Information.

Handwritten signatures and initials: "GNY" and "Surya BHI" with a line through the latter.

3.2 Parties represent and warrant that his Agreement does not obligate either Party to disclose any particular proprietary information, to purchase, sell, license, transfer, or otherwise dispose of any technology, services, or products; or to enter into any other form of business, contract or arrangement. Furthermore, nothing contained hereunder shall be construed as creating, conveying, transferring, granting or conferring by one party on the other party any rights, license or authority in or to the information provided. The Parties shall use the Confidential Information only for the limited purpose of this agreement and of the parties discussing the possibility of entering into a business agreement and for no other purpose whatsoever.

3.3 Parties acknowledge that the Confidential Information coming to the knowledge of the other may relate to and/or have implications regarding the future strategies, plans, business activities, methods, processes and or information of the Parties, which afford them certain competitive and strategic advantage. Accordingly neither Party shall use the Confidential Information in a manner that will jeopardize or adversely affect in any manner such future strategies, plans, business activities, methods, processes, information, and/or competitive and strategic advantage of the Disclosing Party.

4. INJUNCTIVE RELIEFS:

The Parties hereto acknowledge and agree that in the event of a breach or threatened breach by the other of the provisions of this Agreement, the party not in breach will have no adequate remedy in money or damages and accordingly the party not in breach shall be entitled to injunctive relief against such breach or threatened breach by the party in breach of this Agreement. This right of Party not in breach is in addition to the remedies otherwise available to it.

5. NO WAIVER:

No failure or delay by either Party in exercising or enforcing any right, remedy or power hereunder shall operate as a waiver thereof, nor shall any single or partial exercise or enforcement of any right, remedy or power preclude any further exercise or enforcement thereof of any other right, remedy or power.

6. GOVERNING LAW AND JURISDICTION:

This agreement will be governed by Indian law. In the event of any dispute arising due to this agreement the parties shall endeavor to resolve the same within 30 days from the date of the dispute. If the dispute is not resolved within 30 days, the same will be referred to courts of competent jurisdiction in Mumbai.

[Handwritten signature] SCAJAY BH7

(117)

7. INDEMNITY

Party in breach of this Agreement shall, at its own expense shall indemnify and hold harmless the other party, and each of their respective successors, assigns, officers, directors, contractors, clients and employees from any claims, actions, damages, losses, liabilities, costs or expenses including, without limitation, reasonable attorney's fees arising from, related to or in connection with any breach of the terms and conditions of this Agreement.

8. AMENDMENTS:

This Agreement shall not be amended other than in writing executed by both parties. This agreement shall not be assigned or transferred by either Party without the written consent of the other Party.

9. NOTICE

Any notice under this Agreement shall be in writing and may be served on Institute of Chemical Technology, Matunga, Mumbai and the notice to the Swargiya Dadasaheb Kalmegh Smruti Dental College, Hingna, Nagpur. Swargiya Dadasaheb Kalmegh Smruti Dental College and Hospital, Wanadongri Road, Hingna, Nagpur-441110.

10. TERM

The term of this Agreement will be three (3) years from the date of the Agreement unless terminated earlier or extended by mutual consent in writing of both the parties (**Term**). The obligation to protect Confidential Information will start from the day the confidential information is shared / disclosed by the disclosing party to the Receiving Party and shall survive for a period of three (3) years from the date of disclosure. This clause will survive the expiry of the Term or earlier termination of this Agreement.

11. COSTS:

Each Party will bear its own costs in connection with the activities undertaken in connection with this Agreement.

12. PROPERTY RIGHTS:

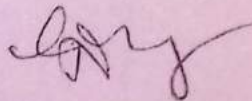

10.1 Nothing in this Agreement is intended to confer any rights/remedies under or by reason of this Agreement on any third party.

10.2 The Receiving Party agrees that Confidential Information provided by the Disclosing Party is and shall remain the exclusive property of the Disclosing Party and the Receiving Party will not acquire by implication or otherwise any right in title to or license in respect of

any Confidential Information supplied by or on behalf of or relating to the Disclosing Party.

13. ENTIRE AGREEMENT:

This Agreement supersedes all prior discussions and writings with respect to the Confidential Information and constitutes the entire Agreement between the Parties with respect to the subject matter hereof. If any term or provision of this Agreement is determined to be illegal, unenforceable, or invalid in whole or in part for any reason, such illegal, unenforceable, or invalid provisions or part(s) thereof shall be stricken from this Agreement and such provision shall not affect the legality, enforceability, or validity of the remainder of this Agreement.

SSAJOY BATHI

MEMORANDUM OF UNDERSTANDING ON NATIONAL

345

Collaboration Between

Dadasaheb Kalmegh Smruti
College & Hospital
Wanadongari, Waddhamana, Nagpur - 441110

Shri Shivaji Education Society Amt's
Science College,
Congress Nagar, Nagpur - 440012

The object of present Memorandum of Understanding is the establishment of a scientific
educational cooperation between Swargiy Dadasaheb Kalmegh Smruti Dental College
Hospital, Wanadongari, Waddhamana, Nagpur - 441110 and Shri Shivaji Education
Society Amt's Science College, Congress Nagar, Nagpur 440012.

Both parties shall endeavor to favor, as far as their financial means allow them :

- Exchange of faculty members and research associates
- Exchange of research materials and scientific information
- Holding joint workshop and symposia
- Other forms of cooperation made by mutual agreements.

Terms for these activities will follow the policies and procedures which govern such
agreements at each institution.

Financial supports for the activities mentioned in Article 2, will be sought from the
public and/or private organizations of both sides

Memorandum of Understanding shall become effective from the date of its signing by
representatives of both institutions and shall remain in effect for **five (5) years** and can be
terminated by the written mutual consents. Either side may terminate this agreement at any
time by giving a written notice in six (6) months advance to the other institution.

Dear Sir/ Madam

This is to consider our collaboration with your company in the field of health care in order to foster sustainable development to provide oral healthcare to the society at large. To help you decide the collaboration further, we are including some background information about our Institute.

Our Institution was established in 2006 with the Mission to impart Quality Health Care Education, to create Dental Professional who is Globally Competent, Concerned, Compassionate, Consistent and Committed to Research and Health Care of Society at affordable cost. Our primary aim is "Quality Health Care for All" at affordable cost and we do so by making the expensive and sophisticated patient care options accessible to even the most economically backward sections of the society.

We have a team of 100 specialist doctors, 500 under graduates and 72 post graduates working under the leadership of our Chairman Mr. Sharadji Kalmegh, alumni of Institute of Chemical technology (ICT, Mumbai).

We have completed about 147 research projects since last 5 years, 48 research projects are ongoing and we have 9 funded projects from other agencies. Our Faculty and Students have developed various innovative approaches like various herbal formulations to treat Oral Precancerous Conditions, Herbal Suture material for Oral Surgeries, Herbal Bone Substitutes; novel materials in pediatric endodontic therapy; Oral Patches with various formulations. Attempts are being made to develop lab on chip chair side diagnostic kit for various oral diseases.

Recently, we have signed MOU with ICT, Mumbai for the process development of MTA (an endodontic regenerative material) with a newer formulation.

It would be our immense pleasure and an exciting opportunity if we could collaborate with you.

Awaiting your positive response.

Regards,

Dr. Akhilesh Shewale,

Research Co-ordinator,

Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital

Subject: Regarding Research Project: Tobacco Revisited

Through proper channel

Respected Sir,

With reference to our discussion dated 24/12/16 in our Honorable President Sir's chamber during your visit to our Esteemed college regarding the research project, the Dept. of Oral Pathology & Microbiology is keenly interested in conducting a research work entitled "TOBACCO- REVISITED: AN ANALYTICAL-CROSS-SECTIONAL STUDY". Dr. Swati Chaturvedi, our Third year Post Graduate student in the Department Of Oral Pathology & Microbiology of 2015-2016 batch had done a pilot study on "Aflatoxin -The hidden Enemy in the nut shell " which was a part of the abovesaid main research work. She had presented a poster on this topic at 18TH International Congress on Oral Pathology & Medicine conference held in Chennai on 8th to 11th September 2016. Kindly note here that above said research was discussed with you & our Honourable President sir on 14/3/2016.

This poster presentation of was very much appreciated & discussed in detail by Dr. V. HAZARE (DEAN G.D.C. NAGPUR) & Dr. S. WARNAKULASURIYA (KING'S COLLEGE, LONDON), during her poster presentation at Chennai . On behalf of our Esteemed College with your and our Honourable President sir's support and motivation the Dept. of Oral Pathology & Microbiology would like to continue this research project.

As was discussed with you, the proposed project: TOBACCO- REVISITED consists of 2 parts.

1. In vitro Study:

- To chemically analyze, separate and measure the existing chemicals/carcinogens present in commercial tobacco (smokeless, burnt) products and areca nut products(unburnt)
- To chemically assess Aflatoxin levels in various areca nut products

2. In vivo Study:

- To quantitatively assess any independent association between use of oral smokeless tobacco and/or areca nut products with incidence of OSCC

As mentioned above, we have already completed the chemical analysis of Aflatoxin levels in various areca nut products.

The second part of In vitro study is pending and the In vivo Study is pending. For this, we have got a quotation from Anacon Labs, Nagpur for the chemical analysis of various carcinogens from commercially available tobacco samples, however, there could some Labs available at Mumbai for the chemical analysis.

For the In vivo part, we have already designed the clinical study to be carried out on Oral Squamous cell carcinoma patients at R.S.T. Regional Cancer Centre, Nagpur.

For the complete research work: Tobacco Revisited, we would like to inform you that our college will charge only Rs. 1/- as consultancy charges, however, we request you to kindly look after the Laboratory charges required for the chemical analysis.

We are eagerly looking forward to carry out this research work with your consent and support.

Thanking you in anticipation.
Yours sincerely

Dr. Swati Chaturvedi, Third year PG Student, Dept. of Oral Pathology
Dr. Devendra Palve, Prof & Head, Dept. of Oral Pathology
Dr. Pushpa Hazarey, PG Director

To
Mr. Rajesh Malpani Sir,
Malpani Group,
Sangamner.

Respected Sir,

With reference to our discussion dated 24/12/16 at **Honorable President Sir's chamber** during your visit to our Esteemed college regarding the **research project I**, Dr. Swati Chaturvedi, second year post graduate student in the Department Of Oral Pathology & Microbiology of 2015-2016 batch would like to inform you that I have done pilot study on "**Aflatoxin -The hidden Enemy in the nut shell**" which was a part of my main research work based on the topic "**Tobacco Revisited**"- An Analytical ,cross-sectional study . I am pleased to inform you that I have presented a poster on this topic at **18TH International Congress on Oral Pathology & Medicine conference held in Chennai** on 8th to 11th September 2016. Kindly note here that above said research was discussed with you & **HONOURABLE PRESIDENT SIR** on 14/3/2016. .This project of ours is very much appreciated & discussed in detail by **Dr. V. HAZARE (DEAN G.D.C. NAGPUR) & Dr. S. WARNAKULASURIYA (KING'S COLLEGE, LONDON)**, during my poster presentation at Chennai . They have advised me to continue with the same project at a larger scale along with them. On behalf of our **Esteemed College with your and our management's support and motivation** I would like to continue this research project under the able guidance of world **renowned ORAL PATHOLOGISTS & RADIOLOGIST** .

As advised by you, please find enclosed here with **ABSTRACT** of our pilot study, copy of presentation presented in front of you on 14/3/16, my poster & photos of my presentation along with **Dr. V. Hazare & Dr. S. Warnakulasuriya** for your ready reference .

Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital Mail - Fwd: Fw: TOBACCO- REVISITED : AN ANALYTICAL,CROSS-SE...

Kindly do the needful & oblige.

Thanking you,
Sincerely yours,

Swati Chaturvedi

Subject: Script/content for digital medical education project - Axon

Dear Sir/Madam,

Axon – Virtual Education Solution is a project that would facilitate the cause of medical education by making the best faculty available to students coupled with visual teaching aids like presentations, animations and key surgical procedures in 3D. This interactive platform will enable students in remote colleges to interact with subject matter experts from the city.

We would request your assistance in creation of script/content for digital lectures of medical education - Axon project.

Kindly provide quotation for consultancy charges. We look forward to working with you for this project.

Thanking you.

Yours faithfully

Shirish Nandeshwar
Director

Special Instructions

TERMS AND CONDITIONS
 All prices and specifications may be subject to change without notice. * Any claims for shortages or goods received in damaged condition, will be considered if notified to us within 30 days of receipt of goods. ** All orders will be invoiced at the price prevailing at the time of supply. Please note this will also apply in cases where the price of an invoiced item has undergone a change during the interim period between order and supply. * Any delay in over due payments beyond 10 days would attract interest at the rate equivalent to bank PLR in force at the time of payment. * All disputes are subject to the jurisdiction of appropriate courts at Delhi.

<<Letter Head>>

To,
The Deputy General Manager (EB)
BSNL, Nagpur

Sub: Issue of demand note for installation of one no. of VPNoBB Broadband Connections of bundled 10 Mbps VPNoBB under NMEICT Project to our college.

Ref: Ministry of HRD , N.K. Sinha, Jt. Sec. (DL) Letter No. D.O.No.F..16-3/2009. Dated 21/08/2009

Dear Sir,

With reference to above letter our College is ready to participate in NMEICT Project and is interested to have bundled bandwidth of 10 Mbps VPNoBB connection under this project of Government of India. Our college is ready to provide all necessary hardware equipment in case of Non-feasible areas for the last mile connectivity. The last mile infrastructure on RF media connectivity from BSNL exchange/Tower to our college end and its equipments (i.e. OFC , Radio modem, RF antenna, Media converter, PPPoE dialer equipments along with all other accessories etc.) Provision, installation and maintenance are the full responsibility of our college. At the BSNL exchange premises the space on tower and power consumed by our radio modem will be strictly utilized for VPNoBB connection under NMEICT project only and not for any other services purpose. I also assure you that our college will follow norms and regulation of Government of India, WPC, TRAI and BSNL for this last mile radio modem RF connectivity.

Hence, you are requested issue a demand note for provision of one bundled bandwidth of 10 Mbps VPNoBB connection under NMEICT project to our college.

With regards,

Signature & Seal of college Principal

GMT/NP/EB-2/NMEICT/Colleges/2017-2018

at Nagpur dated 30-08-2017

To,
The Dean
Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital,
Wanadongri Road, Hingna,
Nagpur, Maharashtra

Subject:- Provisional proposal for bundled 10 Mbps VPNoBB connection under NMEICT project to college/institutes

Reference:- Ministry of HRD , N.K. Sinha, Jt. Sec. (DL) Letter No. D.O.No. F. 16-3/2009 DL Dated 21/08/2009.

Respected Sir/Madam,

The National Mission of Education on Information & Communication Technology (NMEICT) is project from Ministry of HRD. In this project college will be a part of National Mission of Education (NME) and will be able to access e-education content stored anywhere in the network. Connectivity with National Knowledge Network (NKN) gives the chance colleges to access e-education content resting with the premier institutes such as IIT, IIM etc.,

The details of charges for provision of this bundled 10 Mbps VPNoBB connections under NMEICT project are as follows.

Billing will be done as per the following pattern:

- 75% bill amount will be paid by Ministry of HRD via DOT to BSNL for your college.
- 25% bill amount is to be collected from individual institute/college.

S No	College Name	Address	NMEICT VPNoBB BW	Advance Annual Recurring Charges		Remarks
				Ministry Of HRD Share (75%)	Share to be paid by College (25%)	
I	Swargiya Dadasaheb Kalmegh Smruti Dental College & Hospital	Wanadongri Road, Hingna, Nagpur	10 Mbps NMEICT VPNoBB	Rs 67,500/- per annum	Rs 22,500/- Per annum	On customer own RF network

Note:

- Applicable Tax will be extra as per actual
- Installation charges Rs 1000/-
- Connectivity is subjected to feasibility

Birth and Death Anniversaries of eminent personalities, Visits of Schoiars, Scientists, Academicians, eminent personalities, Occasions as defined by National/International importance like World Sparrow Day 20 March, world water Day 22 March, Earth Day 22 April, Independence Day 15 August, Gandhi Jayanti 2 October, and Birth Anniversary of Dadasaheb Kalmegh 29 July, Death Anniversary 9 August.

On every occasion minimum 10 tree saplings are planted. This feature is observed regularly in the College right from its inception i.e. 2006

S. No.	Name of Species		Number
	Common Name	Botanical Name	
1	Neem	Azadirachta Indica	30
2	Orange	Citrus Sinensis	50
3	Almond	Prunus Dulcis	10
4	Pomegranate	Punica Granatum	01
5	Chapha	Plumeria(frangipani)	04
6	Saptaparni	Alstonia scholaris	50
7	Teak	Tectona grandis	100
8	Gulmohar	Delonix regia	25
9	Chichva	Albizzia odoratissima	02
10	Ice cream flower	Inga edulis	20
11	Shisham	Dalbergia sissoo	15
12	Bamboo	Bambusoideae	04
13	Subabool	Leucaena leucocephala	15
14	Palash	Butea monosperma	04
Total			330

I. The Hospital and College Building construction covered the area of 3 acre approximately. The rest of the area is under the green cover by adopting the greenery policy

- 1) Conservation of old native trees
- 2) Plantation drive in the premise and in vicinity
- 3) Beautification by landscaping in all premises
- 4) The green lawns were developed
- 5) Fruit Orchard
- 6) Medicinal Herbs and Shrubs are raised
- 7) The Indoor Ornamental Plants in the planters
- 8) Hydrophytes plants in fountain and tank

II. Environmental and Pollution Control

1. Conservation of old Native trees

The old native trees along the compound wall are retained and developed up to height of 20 ft. in average.

- i. Neem- Azadirachta indica
- ii. Teak- Tectona grandis
- iii. Kanchan-Bahunia racaeosa
- iv. Palas- Butea monosperma
- v. Kinhi (Safed Siras)- Albizzia procera

2. Plantation drive in the premise and in vicinity
The college authority arrange the plantation programme every year on various occasions viz. Birth Anniversary of Shri Dadasaheb Kalmegh in college premise and in front of premise on road side since the establishment of the college.

a) In front of administrative building

- Front gate- Kashid- *Cassia siamea*-11
Teak- *Tectona grandis*-05
Golden flamboyant - *Peltophorum ferrugineum* Benth -02
Nilgiri- *Eucalyptus* -01
Ashoka- *Polyalthia longifolia*-02
Chafa- *Plumeria alba* -01

Outside the premise (Road side)

- Teak- *Tectona grandis*-14
Neem- *Azadirachta indica*-02
Cassia-05
Badam- *Terminalia catappa*-04

Recent year plantation (2016-17)

- Saptaparni- *Alstonia scholaris*-09
Royal Palm-04

Along the backside of compound wall

- Kashid- *Cassia siamea*-20

Along the premise of Boys' Hostel

- Royal Palm- *Roystonea*-05
Nut Palm- *Areca catechu*-20
Amaltas- *purging cassia*-04
Weeping fig-*Ficus benjamina*-05

3. Beautification by Landscaping in all premises

The front part of administrative building, before College and Hospital building area covered up by landscaping technique added the greenery by ornamental plants and along the internal roads, Boys' Hostel

- i. Ball of Eucalypha-22
ii. Ball of Golden Duronta-08
iii. Ball of Thuja Compacta-06
iv. Hedge of Eucalypha and Duranta 11 mts
v. Cluster of shrub and herb sapplings

- | | |
|---|-------------------------|
| 1 | <i>Dracina</i> -12 |
| 2 | <i>Tabaebia</i> -10 |
| 3 | <i>Calandra</i> -16 |
| 4 | <i>Nerium Dwarf</i> -14 |
| 5 | <i>Thevetia</i> -18 |
| 6 | <i>Thuja</i> -04 |
| 7 | <i>Ixora</i> -06 |

vi. Heap plant -06

- a) Furcaria (Xerophyte)- 02
- b) Adenium - 04
- c) Cycus- 02

4. Green Lawns developed

In the beautification plan, the authority developed the green lawns in the premise

- a) In front of administrative building-on both sides midway-02 Nos.
- b) Back side of College-01 No.

Size 18mt. X 20 mt. (approx. 300-400 sq. mt.)

Trees planted

- Pleumeria alba-02
- Tecoma Stains - 22
- Nerium Oleander-16

5. Fruit Orchard

Back side of premise is developed by planting the fruit orchid

- i. Orange-35
- ii. Pomogranate-02
- iii. Sitaphal-04

6. Medicinal Herbs, Shrubs and Trees

Southern part of the premise near compound wall near canteen is in the use for raising and covering medicinal herbs and shrubs

- a) Bhui Amla - Phyllanthus
- b) Kamarmodi-tridax Pulcherma
- c) Sahdevi-Asters
- d) Parnafuti-Bryophyta Pinnatum
- e) Satavari - Asparagus racemosus

Trees

- a) Maharukh
- b) Neem
- c) Eucalyptus
- d) Amaltas

7. Indoor Ornamental Plants in Planters

In college and Hospital premises along the office building, near entrance gate and inner constructed fountain the ornamental saplings are planted in the planter in numerous quantity 50-60 approx.

The species preferred are

- a) Dracaena
- b) Crotons

c) Dwarf Ixora

8. Hydrophytes Plants

In the ponds and fountain some hydrophytes species are found

- a) Pistia
- b) Eichhornia crassipes- water hyacinth
- c) Hydrilla- water thyme

II. Environmental and Pollution Control

1. The premise is polythene free. The authority not allowed the use of poly-bags and collected in dustbins
2. Bio-medical waste disposal segregated at the collection point. Not found anywhere. The four color bags viz. Red, Yellow, Blue, Black with dustbins has been provided to all Departments.
3. Compost Pit is maintained in the premise of orchid. Collect and dump the foliage waste in the pit.
4. Prohibit the burning of vegetative waste
5. Soak-pits are found at some places for drainage water and prevent water pollution
6. Waste water used for irrigating the plants.
7. Smoking free zone is noticed as there was not found any smoking person in the campus

III. Activity to protect Avian (Sparrow, like Birds)

The campus is protecting the avian by providing food, water and shelter to the birds.

1. The earthen mush dishes were noticed hanged to the trunk of trees providing water to the birds-04 places
2. Small plastic basket were hanged to the trunk of tree providing waste food to the birds near canteen area-02 Nos.
3. The trees had attained the height up to 20-30 ft and dense this may allow the birds their nest on the trees as there is no human disturbances.

IV. Non renewable energy resources and moisture conservation

- a) 120 number of Solar panels of 250 WP are installed on the terrace of Hospital building which generates 30kW of energy
- b) Campus illuminated with LED lights
- c) Rain water harvesting system is installed to the Hospital college building, collecting the rain water and filter through coarse coke media and store the water used for purpose

V. Awareness programme implemented towards safe and clean environment

- a) Display the placards at every floor on energy conservation
- b) Display the posters in the hospital on land, soil, air, water pollution and make pollution free environment in picturesque on the wall

(213)
546

- c) Provided the common transporting vehicle to arrive the student in college, avoiding and minimising petroleum smoke pollution
- d) Organize the tree plantation programme every year by the student Birth Anniversary of Shri Dadasaheb Kalmegh and paying tribute in his highness.

Future Plan:

- i) To continue the tree plantation programme on every possible celebration day.
- ii) To conduct the awareness amongst the pupils and people to keep the premise and surrounding environment pollution free in respect of air, water, soil and atmosphere
- iii) Emphasis will be given on maximum use of renewable energy and its generation
- iv) The activity to protect the biodiversity by providing water, food and shelter to avian so that nature will not get disturbed.

Remarks:

The institution is very sensitive towards environmental activities which are satisfactory to the pollution control. Avail the nature, conserve the nature, help the nature is a balancing ethic observed here is remarkable.

Hence, it is certified that the Institution is keenly interested in green activities, adopting and implementing through staff and students.

Awesome

SWARGIYA DADASAHEB KALMEGH SMRUTI DENTAL COLLEGE AND
HOSPITAL

"DEAR Children"

(Pedo camps & schools adoption)

The key task of the Department of Pedodontics and Preventive Dentistry is to provide quality dental care, to spread oral health awareness and to motivate people to adopt oral hygiene measures. Treatment and Screening camps comprise the main agenda in the activities of our department. Free health camps are conducted in association with schools. Most of them are at rural areas in Hingna and neighboring parts of Nagpur. The Department also provides free Transport and Refreshments to the children who are availing the treatment.

Screening and treatment camps are being conducted on a regular basis. The camps offer preventive and restorative treatment procedures and provide a environment for carrying out dental health education programs. We make the best use of audiovisual media to educate and motivate the masses through these camps. The institution is responsible for catering for dental needs of regular as well as special children. The department has undergone revision of adopted schools from the period of 01-04-2017 to 01-04-2018 and a total of 23 schools have been adopted.

Following is the revised list of adopted schools:

LIST OF ADOPTED SCHOOLS

S.No.	NAME OF THE SCHOOL	DATE OF ADOPTION
1.	Matoshri Lakshmibai Kamnapure Vidyalaya	11/1/12

Research is all about passion, culture, strategy: Padma Vibhushan Dr Sharma

■ Staff Reporter

ENLIGHTENING the students on the importance of research, Padma Vibhushan Dr M M Sharma said, "Research is all about passion, culture, strategy and is not possible without failures. It is not a thing of one day, one week or of a year, but it is the story of efforts of years." He also talked about the bridge between corporates and health institutes.

Dr Sharma was talking during inauguration of Research Day programme organised at Swargya Dadasaheb Kalmegh Dental College and Hospital to mark the 85th birth anniversary year of late Dadasaheb Kalmegh.

Padma Shri Prof Dr G D Yadav, Vice-Chancellor of ICT, Mumbai shared their ideas on research and told how research was an integral part of modern dentistry.

Dr G D Yadav discussed many ideas related to research, P hD

Shard Kalmegh felicitating Padma Vibhushan Dr M M Sharma. Dr G D Yadav, Anun Lakhani, Satish Lade and others look on.

programs, various short skill development programmes and encouraging girl students towards P hD and researches after which

President of the institute Sharad Kalmegh encouraged students to do research and declared cash prizes worth Rs one lakh each for best research paper. Dean of the institute Dr Sanjay Patil gave welcome address, Dr M M Sharma and Dr G D Yadav

were felicitated R M Sligh, Sanjay Chougale, Satish Chintalwar and Secretary Hemant Kalmegh. Other invited guests were Anun Lakhani, Satish Lade and Sanjay Deshmukh.

Students had a great time listening to the guests. The programme was hosted by students of the college Merin Tharyan and Veenaa Ruseel. Student Council Secretary Sunidhi Patil proposed a vote of thanks.

संशोधन में चाहिए पैशन : डा. शर्मा

स्व. दादासाहेब काळमेघ स्मृती दंत महाविद्यालयात में मार्गदर्शन

नागपूर. शोध करणे के लिए पैशन की जरूरत होती है. विद्यार्थियों में पैशन होना ही चाहिए. इसके लिए दुर्बल के मार्ग पर नहीं, खुद के मार्ग पर चलने की जरूरत होती है. सिलब के लिए किसी के लिए ; सिर्फ जानने के साथ काम करने की जरूरत पड़ती है. इसके साथ ही पैशन होना ही चाहिए. डॉ. एम. एम. शर्मा यांनी विद्यार्थ्यांना संशोधनाची महत्त्वाची भूमिका असल्याची शक्तिशाली संदेश देण्यासाठी डॉ. एम. एम. शर्मा यांनी विद्यार्थ्यांना संबोधित केले.
